AN ACT

To provide for participation by the State of Alabama in the Interstate Library Compact.

Be It Enacted by the Legislature of Alabama:

Section 1. The Interstate Library Compact is hereby enacted into law and entered into by this state with all states legally joining therein in the form substantially as follows:

INTERSTATE LIBRARY COMPACT

Article I. Policy and Purpose

Because the desire for the services provided by libraries transcends governmental boundaries and can most effectively be satisfied by giving such services to communities and people regardless of jurisdictional lines, it is the policy of the states party to this compact to cooperate and share their responsibilities; to authorize cooperation and sharing with respect to those types of library facilities and services which can be more economically or efficiently developed and maintained on a cooperative basis, and to authorize cooperation and sharing among localities, states and others in providing joint or cooperative library services in areas where the distribution of population or of existing and potential library resources make the provision of library service on an interstate basis the most effective way of providing adequate and efficient service.

Article II. Definitions

As used in this compact:

(a) "Public library agency" means any unit or agency of local or state government operating or having power to operate a library.

(b) "Private library agency" means any nongovernmental entity which operates or assumes a legal obligation to operate a library.

(c) "Library agreement" means a contract establishing an interstate library district pursuant to this compact or providing for the joint or cooperative furnishing of library services.

Article III. Interstate Library Districts

(a) Any one or more public library agencies in a party state in cooperation with any public library agency or agencies in one or more other party states may establish and maintain

an interstate library district. Subject to the provisions of this compact and any other laws of the party states which pursuant hereto remain applicable, such district may establish, maintain and operate some or all of the library facilities and services for the area concerned in accordance with the terms of a library agreement therefor. Any private library agency or agencies within an interstate library district may cooperate therewith, assume duties, responsibilities and obligations thereto, and receive benefits therefrom as provided in any library agreement to which such agency or agencies become party.

(b) Within an interstate library district, and as provided by a library agreement, the performance of library functions may be undertaken on a joint or cooperative basis or may be undertaken by means of one or more arrangements between or among public or private library agencies for the extension of library privileges to the use of facilities or services operated or rendered by one or more of the individual library agencies.

(c) If a library agreement provides for joint establishment, maintenance or operation of library facilities or services by an interstate library district, such district shall have power to do any one or more of the following in accordance with such library agreement:

1. Undertake, administer and participate in programs or arrangements for securing, lending or servicing of books and other publications, any other materials suitable to be kept or made available by libraries, library equipment or for the dissemination of information about libraries, the value and significance of particular items therein, and the use thereof.

2. Accept for any of its purposes under this compact any and all donations, and grants of money, equipment, supplies, materials, and services, (conditional or otherwise) from any state or the United States or any subdivision or agency thereof, or interstate agency, or from any institution, person, firm or corporation, and receive, utilize and dispose of the same.

3. Operate mobile library units or equipment for the purpose of rendering bookmobile service within the district.

4. Employ professional, technical, clerical, and other personnel, and fix terms of employment, compensation and other appropriate benefits; and where desirable, provide for the in-service training of such personnel.

5. Acquire, hold, and dispose of any real or personal property or any interest or interests therein as may be appropriate to the rendering of library service.

6. Construct, maintain and operate a library, including any appropriate branches thereof.

7. Do such other things as may be incidental to or appropriate for the carrying out of any of the foregoing powers.

Article IV. Interstate Library Districts, Governing Board

(a) An interstate library district which establishes, maintains or operates any facilities or services in its own right shall have a governing board which shall direct the affairs of the district and act for it in all matters relating to its business. Each participating public library agency in the district shall be represented on the governing board which shall be organized and conduct its business in accordance with provision therefor in the library agreement. But in no event shall a governing board meet less often than twice a year.

(b) Any private library agency or agencies party to a library agreement establishing an interstate library district may be represented on or advise with the governing board of the district in such manner as the library agreement may provide.

Article V. State Library Agency Cooperation

Any two or more state library agencies of two or more of the party states may undertake and conduct joint or cooperative library programs, render joint or cooperative library services, and enter into and perform arrangements for the cooperative or joint acquisition, use, housing and disposition of items or collections of materials which, by reason of expense, rarity, specialized nature, or infrequency of demand therefor would be appropriate for central collection and shared use. Any such programs, services or arrangements may include provision for the exercise on a cooperative or joint basis of any power exercisable by an interstate library district and an agreement embodying any such program, service or arrangement shall contain provisions covering the subjects detailed in Article VI of this compact for interstate library agreements.

Article VI. Library Agreement

(a) In order to provide for any joint or cooperative undertaking pursuant to this compact, public and private library agencies may enter into library agreements. Any agreement executed pursuant to the provisions of this compact shall, as among the parties to the agreement:

(1) Detail the specific nature of the services, programs, facilities, arrangements or properties to which it is applicable.

(2) Provide for the allocation of costs and other financial responsibilities.

(3) Specify the respective rights, duties, obligations and liabilities of the parties.

(4) Set forth the terms and conditions for duration, renewal, termination, abrogation, disposal of joint or common property, if any, and all other matters which may be appropriate to the proper effectuation and performance of the agreement.

(b) No public or private library agency shall undertake to exercise itself, or jointly with any other library agency, by means of a library agreement any power prohibited to such agency by the constitution or statutes of its state.

(c) No library agreement shall become effective until filed with the compact administrator of each state involved, and approved in accordance with Article VII of this compact.

Article VII. Approval of Library Agreements

(a) Every library agreement made pursuant to this compact shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general of each state in which a public library agency party thereto is situated, who shall determine whether the agreement is in proper form and compatible with the laws of his state. The attorneys general shall approve any agreement submitted to them unless they shall find that it does not meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public library agencies concerned the specific respects in which the proposed agreement fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within ninety (90) days of its submission shall constitute approval thereof.

(b) In the event that a library agreement made pursuant to this compact shall deal in whole or in part with the provision of services or facilities with regard to which an officer or agency of the state government has constitutional or statutory powers of control, the agreement shall, as a condition precedent to its entry into force, be submitted to the state officer or agency having such power of control and shall be approved or disapproved by him or it as to all matters within his or its jurisdiction in the same manner subject to the same requirements governing the action of the attorneys general pursuant to paragraph (a) of this article. This requirement of submission and approval shall be in addition to and not in substitution for the requirement of submission to and approval by the attorneys general.

Article VIII. Other Laws Applicable

Nothing in this compact or in any library agreement shall be construed to supersede, alter or otherwise impair any obligation imposed on any library by otherwise applicable law, nor to

authorize the transfer or disposition of any property held in trust by a library agency in a manner contrary to the terms of such trust.

Article IX. Appropriations and Aid

(a) Any public library agency party to a library agreement may appropriate funds to the interstate library district established thereby in the same manner and to the same extent as to a library wholly maintained by it and, subject to the laws of the state in which such public library agency is situated, may pledge its credit in support of an interstate library district established by the agreement.

(b) Subject to the provisions of the library agreement pursuant to which it functions and the laws of the states in which such district is situated, an interstate library district may claim and receive any state and federal aid which may be available to library agencies.

Article X. Compact Administrator

Each state shall designate a compact administrator with whom copies of all library agreements to which this state or any public library agency thereof is party shall be filed. The administrator shall have such other powers as may be conferred upon him by the laws of his state and may consult and cooperate with the compact administrators of other party states and take such steps as may effectuate the purposes of this compact. If the laws of a party state so provide, such state may designate one or more deputy compact administrators in addition to its compact administrator.

Article XI. Entry into Force and Withdrawal

(a) This compact shall enter into force and effect immediately upon its enactment into law by any two (2) states. Thereafter, it shall enter into force and effect as to any other state upon the enactment thereof by such state.

(b) This compact shall continue in force with respect to a party state and remain binding upon such state until six (6) months after such state has given notice to each other party state of the repeal thereof. Such withdrawal shall not be construed to relieve any party to a library agreement entered into pursuant to this compact from any obligation of that agreement prior to the end of its duration as provided therein.

Article XII. Construction and Severability

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence or provision

of this compact is declared to be contrary to the constitution of any party state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state party thereto, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

Section 2. No county, municipality, or other political subdivision of this state shall be party to a library agreement which provides for the construction or maintenance of a library pursuant to Article III, subdivision (c) 7 of the compact, nor pledge its credit in support of such a library, or contribute to the capital financing thereof, except after compliance with any laws applicable to such counties, municipalities, or other political subdivisions relating to or governing capital outlays and the pledging of credit.

Section 3. As used in the compact, "state library agency" with reference to this state, means the Alabama Public Library Service.

Section 4. An interstate library district lying partly within this state may claim and be entitled to receive state aid in support of any of its functions to the same extent and in the same manner as such functions are eligible for support when carried on by entities wholly within this state. For the purposes of computing and apportioning state aid to an interstate library district, this state will consider that portion of the area which lies within this state as an independent entity for the performance of the aided function or functions and compute and apportion the aid accordingly. Subject to any applicable laws of this state, such a district also may apply for and be entitled to receive any federal aid for which it may be eligible.

Section 5. The Director of the Alabama Public Library Service shall be the compact administrator pursuant to Article X of the compact. The Director of the Alabama Public Library Service may appoint one or more deputy compact administrators pursuant to said article.

Section 6. In the event of withdrawal from the compact the Governor shall send and receive any notices required by Article XI(b) of the compact.

Section 7. All laws or parts of laws which conflict with this act are repealed.

Section 8. This act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming a law.

AN ACT

To regulate the change of zoning classification by the governing bodies of counties having a population in excess of 600,000 according to the last or any subsequent Federal Decennial census and by the governing bodies of municipalities located in such counties; to provide for notice of a proposed change in zoning classification to be given to the owners of property located within 500 feet from the property which is the subject of the proposed change and by placing a sign upon the property which is the subject of the proposed change; to authorize any property owner receiving notice of a proposed change in zoning classification to protest such proposed change; and, to provide that in the event a protest should be filed with respect to any proposed change in zoning classification by fifty percent or more of the property owners receiving such notice, such change shall not be effected without the affirmative vote of a minimum of two-thirds of the members of such governing body.

Be It Enacted by the Legislature of Alabama:

Section 1. The provisions of this Act shall apply to all counties having a population in excess of 600,000 according to the last or any subsequent Federal Decennial census and to all municipalities in such counties. As used herein, the term "governing body" shall mean the governing body of any county or municipality subject to the provisions of this Act. The phrase "change in zoning classification" shall include, without limitation, any change, modification or amendment of zone district boundaries.

Section 2. No governing body subject to the provisions of this Act shall enact any change in the zoning classification of any property subject to the zoning jurisdiction of such county or municipality without first giving written notice a minimum of 15 days prior to the proposed date of such enactment to all owners of property located in whole or in part within 500

feet from the boundaries of the property which is the subject of the proposed change in zoning classification, as shown by the records of the office of the Tax Assessor of such county on a date not more than one year prior to the date of such notice. Such notice shall state the street address of the property, if any, which is the subject of the proposed change in zoning classification and shall also state that a protest may be filed with respect to such proposed change in accordance with the provisions of Section 3 of this Act. Such notice shall be deemed given when deposited in the United States mail, first class postage prepaid, addressed to such property owners at their addresses as shown on the records of the office of the Tax Assessor of such county on the date such owners are determined. Any error in the address of any such notice shall not invalidate the giving of notice pursuant to this Section provided that no more than 5% of the total number of notices given with respect to any proposed change in zoning classification contain any such error.

Section 3. Any property owner to whom such notice is given may protest such proposed change in zoning classification by filing with the office of the clerk of the governing body giving such notice on or before three days prior to the proposed date of such enactment a written protest signed by such property owner.

A protest with respect to property owned by more than one property owner jointly or as tenants in common may be signed by any one of such owners. Only one protest shall be allowed with respect to each separately assessed unit of property.

Section 4. The notice and protest provided under the provisions of this Act shall be in addition to any other notice or protest provided under prior law. To the extent possible, the provisions of this Act shall be construed as supplementary to prior law and not in derogation thereof.

Section 5. The provisions of this Act are severable. In the event that any section, clause or provision hereof shall be held invalid or unenforceable, such holding shall not invalidate or render unenforceable any other section, clause or provision hereof.

Section 6. This Act shall become effective immediately upon its passage and approval by the governor or upon its otherwise becoming a law, but shall not apply to any change of zoning classification initiated prior to its effective date.

AN ACT

To amend Code of Alabama, 1940, Title 52, Sections 364 and 365, which relate to the Teachers' Retirement System, amending such sections in relation to membership service creditable toward retirement and to provide for a conditional appropriation.

Be It Enacted by the Legislature of Alabama:

Section 1. Code of Alabama 1940, Title 52, Section 364, as amended, is hereby further amended to read as follows:

"Section 364. **MEMBERSHIP.** The membership of the retirement system shall consist of the following: All persons who shall become teachers after the date of establishment shall become members of the retirement system as a condition of their employment. Any person who is a teacher on the date of establishment shall become a member as of that date unless within a period of ninety days next following such teacher shall file with the Board of Control on a form prescribed by the Board of notice of his election not to be covered in the membership of the system and a duly executed waiver of all present and prospective benefits which would otherwise inure to him on account of his participation in the retirement system.

A teacher in service on October 1, 1973 whose membership in the retirement system was contingent on his own election and who elected not to become a member, may thereafter apply for and be admitted to membership with all prior service credit and with all membership service credit as otherwise provided for in this chapter by applying for such membership within 150 days from the effective date of this Act, provided said teacher pays to the treasurer of the said retirement system on or before October 1, 1974, a sum equal to the total contributions which he would have made as a member during the period of his employment as a teacher from September 1, 1941 to the date of his application for membership, plus compound interest of 8% on such contributions. Any member, or any retired member, who at one time taught as a non-member, may now receive credit for prior service and for the years taught as a non-member provided said member, or said retired member, within 150 days from the effective date of this Act, pays to the treasurer of the said retirement system a sum equal to the total contributions which he would have made as a member during the period of his employment as a teacher from September 1, 1941 to the date he became a member, plus compound interest of 8% on such contributions. As soon as practicable after the expiration of the time for making such elections, the Department of Education, at the request of the Governor, shall furnish him a report of the number of teachers in service who applied for membership or credit for prior service. The Board of Control of the Teacher's Retirement System shall determine and report to the Governor the employer cost for such coverage.

"Notwithstanding the foregoing, on and after October 1, 1963, no person who has attained age sixty-one shall become a member of the system unless such person shall previously have been a member of this system or of the Employees' Retirement System of Alabama. The Board of Control may, in

its discretion, deny the right to become members to any class of teachers whose compensation is only partly paid by the state or who are serving on a temporary or other than per annum basis, and it also may, in its discretion, make optional with members in any such class their individual entrance into the retirement system. Should any member in any period of six consecutive years after becoming a member be absent from service more than five years, or withdraw his contributions, as provided in subsection (3) of Section 366 of this title, or retire or die, he shall thereupon cease to be a member; provided that the Board of Control may continue the membership of a member entering directly into the armed forces of the United States if he does not withdraw his contributions as provided in subsection (3) of Section 366 of this title. Anything in this chapter to the contrary notwithstanding, if any member enters directly into the armed forces of the United States and does not withdraw his contributions, as provided in subsection (3) of Section 366 of this title, and if he returns to service as a teacher within one year and six months after having been honorably discharged from the armed forces (time spent in Institutions of Higher Learning as a full time college student under such criteria as may be established by the Board of Control shall be excluded in limiting time for return to service), membership service credit may be granted by the Board of Control for the period of such service in the armed forces, provided that he makes up his contributions for the period of his service in the armed forces before the attainment of age sixty, on the basis of his rate of earnable compensation at the time his service in the armed forces commenced, provided that effective February 1, 1960, such members cannot receive credit for more than four years of military service. In addition thereto compound interest of 8% from date of re-entry to teaching service to the date of payment shall be collected on such contributions. Any teacher who entered directly into the armed forces of the United States after August 27, 1940, but prior to September 1, 1945, without having become a member and who returns to service as a teacher within one year and six months after having been honorably discharged from the armed forces (time spent in Institutions of Higher Learning as a full time college student under such criteria as may be established by the Board of Control shall be excluded in limiting time for return to service) and who elects to become a member within ninety days thereafter may be deemed by the Board of Control to be a member at establishment and be entitled to credit for prior service, including service in the armed forces up to the date of establishment of the retirement system, and to credit for membership service for the period of his service in the armed forces after the date of establishment of the retirement

system under the same conditions as credit for membership service is allowed members entering into the armed forces after the date of establishment. Except as hereinafter provided, no benefit under the retirement system other than the return of contributions as provided in subsection (3) of Section 366 of this title shall become payable to or on account of any member while he is not in service as a teacher, unless the member withdraws from service after reaching age sixty, and further provided that a teacher who becomes a member on or after October 1, 1963 must have ten or more years creditable service when he withdraws from service after reaching age sixty. Anything in this title to the contrary notwithstanding, any member who, at the time of his withdrawal from service, has completed the age and service requirements established by the Board of Control for eligibility for deferred benefits shall be eligible to continue in the membership of the system until he files application for service retirement in accordance with the provisions of Section 366 of this title. The Board of Control shall, from time to time, establish the minimum age and the minimum number of years of creditable service which shall be required in order that a member may be eligible for deferred benefits, provided that such minimum number of years of creditable service shall not be less than ten years nor more than twenty-five years. Unless and until changed by the Board of Control, the requirements for deferred benefits shall be the completion of twenty-five years of creditable service or the completion of ten years of creditable service and the attainment of age fifty-five at the time of withdrawal from service."

Section 2. Code of Alabama 1940, Title 52, Section 365, as amended, is hereby further amended to read as follows:

"Section 365. CREDITABLE SERVICE. (1) Under such rules and regulations as the Board of Control shall adopt, each person, who was a teacher prior to the date of establishment of the system, and who under the provisions of this Act makes up contributions plus 8% compound interest on such contributions for the time said teacher taught as a non-member and who becomes a member prior to October 1, 1974 shall file a detailed statement of all service as a teacher rendered by him prior to the date of establishment for which he claims credit. The Board of Control shall fix and determine by appropriate rules and regulations how much service in any year is equivalent to one year of service, but in no case shall it allow any credit for a period of absence without pay for more than one month's duration, nor shall more than one year of service be creditable for all service in one calendar year. Service rendered for a regular school year shall be equivalent to one year's service. Subject to the above restrictions and to such other rules and regulations as the Board of Control may adopt, the

Board of Control shall verify, as soon as practicable after the filing of such statements of service, the service therein claimed. Upon verification of the statements of service, the Board of Control shall issue prior service certificates certifying to each member the length of service rendered prior to the date of establishment, with which he is credited on the basis of his statement of service. Any prior service certificate heretofore issued not providing for the maximum prior service to which the member is entitled shall be revised to include such credit. So long as a membership continues, a prior service certificate shall be final and conclusive for retirement purposes as to such service, provided, however that any member may request the Board of Control to modify or correct his prior service certificate. When membership ceases, a prior service certificate shall become void. Should a teacher again become a member, he shall enter the system as a teacher not entitled to prior service credit. Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate. (2) Any teacher, or retired teacher, who became a member of the retirement system before July 1, 1973, and who prior to said date had been ineligible to receive credit for service rendered as a teacher prior to September 1, 1941, for reasons other than having taught as a non-member shall be eligible under the rules and regulations adopted by the Board of Control in accordance with the provisions of this chapter to receive credit for all service as a teacher rendered by him prior to the date of establishment of the retirement system provided such person has never waived his claim on the funds of the retirement system by withdrawing his accumulated contributions to said fund, and provided that said member has not been absent from service more than five years in any period of six consecutive years after becoming a member of the retirement system. (3) Any teacher who was a member of the teachers' retirement system as of September 9, 1955, shall be eligible to receive credit for service rendered as a state employee on a full time basis prior to October 1, 1945, under such rules and regulations as may be adopted by the Board of Control in accordance with the provisions of this chapter. (4) Anything in this chapter to the contrary notwithstanding, any teacher who is now a member of the teachers' retirement system, or who becomes a member of the teachers' retirement system at a future date, who had previously withdrawn his funds from either the teachers' retirement system or the employees' retirement system or whose account had been terminated due to a five (5) years absence, shall have

restored to him all creditable service provided that said teacher completes five (5) years of contributing membership service after he again becomes a member of the retirement system and provided that said teacher repays to the treasurer of the retirement system the amount previously returned to him including compound interest of 8% to the date of repayment, within eight (8) months after completion of five (5) years of contributing membership service, or if such teacher has already completed five (5) years of contributing membership service when this act becomes effective then within one year after the effective date hereof. (5) Anything in this chapter to the contrary notwithstanding any teacher who has been retired from service and who is now receiving a service retirement allowance, or a disability retirement allowance, pursuant to section 366 of this title, who had five (5) years or more of contributing membership service in the teachers' retirement system immediately prior to being retired and who had previously withdrawn his funds either from the teachers' retirement system or from the employees' retirement system or whose account had been terminated due to a five (5) years absence, shall have restored to him all creditable service provided that said retired teacher repays to the treasurer of the retirement system within one (1) year after the effective date of this Act the amount previously returned to him including compound interest of 8% to the date of repayment."

Section 3. APPROPRIATION. There is hereby appropriated from the Alabama Special Education Trust Fund for the fiscal year ending September 30, 1974 the amount of \$2,324,100 and for the fiscal year ending September 30, 1975 the amount of \$2,324,100 for the purpose of carrying out the provisions of this Act. Provided further that such appropriations shall be conditional upon the condition of the treasury and released at the discretion and upon approval of the Governor after he has been furnished the employer cost.

Section 4. It is further provided that if this Act cannot be put into effect October 1, 1973 with appropriations to fund the provisions of the Act then upon funds being provided at a future date the limiting dates for repayment of funds by those teachers in the various Sections of the Act shall be moved forward providing the same time limit as if the Act had gone into effect October 1, 1973.

Section 5. This Act shall become effective October 1, 1973 or any date thereafter at the discretion of the Governor upon the passage and approval by the Governor or upon its otherwise becoming a law.

Act No. 1128 H. 1409—St. John, Drake, McDonald
AN ACT

To authorize each county in this state to sell and issue from time to time interest-bearing warrants for the purpose of paying costs of acquiring and providing water works systems; to provide that such warrants shall evidence general obligation indebtedness of the county; to provide that such warrants may, at the discretion of the governing body of the county, be additionally secured by a pledge or pledges of the revenues from any such system or the proceeds from certain taxes, or both such revenues and taxes; to specify the effect and priority of any such pledges; and to authorize the refunding of any such warrants.

Be It Enacted by the Legislature of Alabama:

Section 1. Legislative Intent. It is the intention of the Legislature by the passage of this act to authorize each county in the state to finance the acquisition by such county, through purchase, construction or otherwise, of one or more water works systems by the sale and issuance of interest-bearing warrants of such county for payment of costs of acquiring such system or systems. This act shall be liberally construed in conformity with the said intention.

Section 2. Definitions. Wherever used in this act, unless a different meaning clearly appears in the context, the follow-

ing terms shall be given the respective interpretations specified in this section.

“County” means each county in the state.

“Governing body” means the commission or other governing body of a county.

“Municipality” means a municipal corporation in the state.

“State” means the State of Alabama.

“Water works system” means facilities for the gathering, collecting, impounding, treatment, transmission, and distribution, or any of them, of water for domestic use or for industrial use, or both, together with all appurtenances to any such facilities and all property used or useful in connection with such facilities, including franchises.

Section 3. Authorization of Issuance of Warrants. Each county shall have the power from time to time to sell and issue interest-bearing warrants of such county for the purpose of paying costs to that county of acquiring and providing one or more water works systems for the purpose of rendering water service in any part of the county; provided, that the county shall not render water service within any municipality except pursuant to franchise granted to the county by such municipality. Any warrants issued under the provisions of this act may be in such denomination or denominations, may have such maturity or maturities not exceeding thirty years from their date, may bear interest from their date at such rate or rates payable at such times, may be payable at such place or places within or without the state, may be sold at such time or times and in such manner, whether publicly or privately, may be executed in such manner, and may contain such terms not in conflict with the provisions of this act, all as the governing body of such county may provide in the proceedings wherein the warrants are authorized to be issued. All such warrants shall evidence general obligation indebtedness of the county by which they are issued, and the full faith and credit of the county shall be irrevocably pledged for the payment of the principal thereof and interest thereon. The proceeds derived from the sale of any such warrants shall be used solely for the purpose for which they are authorized to be issued, including the payment of any expenses incurred in connection with the issuance thereof.

Section 4. Special Pledges. The governing body of the county issuing any such warrants may, in its discretion assign and specially pledge, for the payment of the principal of and interest on such warrants, so much as may be necessary for

said payment of any one or more of the following (or any part thereof):

(a) The proceeds from the general annual ad valorem tax of $\frac{1}{2}$ of 1% which the county is authorized to levy without reference to the purpose thereof under the provisions of Section 215 of the Constitution of Alabama of 1901;

(b) The proceeds from any other tax (including any ad valorem tax and any privilege, license or excise tax) that at the time of the issuance of the said warrants may lawfully be used by the county for payment of such principal and interest;

(c) The revenues derived by the county from any water works system of the county.

To the extent necessary and sufficient for making the payments in respect of which such pledge is made, any tax or revenues pledged pursuant to the provisions of this section shall constitute a trust fund or funds which shall be impressed with a lien in favor of the holders of the warrants to the payment of which such sums are pledged. In the event that more than one pledge should be made with respect to any tax or revenues the pledge of which is herein authorized, then such pledges shall take precedence in the order in which they are made unless the proceedings making such pledge shall expressly provide that such pledge shall be on a parity with or subordinate to a subsequent pledge thereof. All warrants for which the pledge authorized in this section may be made shall constitute preferred claims against that portion of the said tax or taxes or revenues so pledged (subject to any prior lawful pledges thereof in existence at the time of the issuance of the warrants, whether made under the provisions of this or any other statute), and shall have preference over claims incurred by the county for operation and maintenance of any water works system of the county and any other claims for any other purpose whatsoever.

Section 5. Authorization of Refunding Warrants. Each such county may in like manner from time to time issue refunding warrants, either by sale or by exchange, for the purpose of refunding a like or greater principal amount of warrants then outstanding which were issued under the provisions of this act and the interest thereon and paying any premium necessary to be paid to retire the outstanding warrants refunded thereby. The provisions of this act applicable to the warrants so refunded shall likewise be applicable to such refunding warrants.

Section 6. Warrants to be Legal Investments for Trust Funds. Unless otherwise directed by the court having juris-

diction thereof, or by the document that is the source of authority, a trustee, executor, administrator, guardian, or one acting in any other fiduciary capacity may, in addition to any other investment powers, invest trust funds in warrants issued under the provisions of this act.

Section 7. Issuance of Warrants Deemed to Constitute Audit and Allowance of Claim. The issuance of warrants and any interest coupons applicable thereto, pursuant to the provisions of this act and in accordance with the authorization of the governing body of the county issuing such warrants, shall be deemed to constitute an audit and allowance by such governing body of a claim, in the aggregate principal amount of such warrants and interest coupons, against the county and against any tax proceeds and any revenues, or either thereof, pledged for payment of such warrants pursuant to the provisions of this act. No proof of registration or other audit or allowance of such claim shall be required and such warrants and interest coupons shall, from and after the date of their lawful issuance, be deemed to be allowed claims against the county by which they were issued and against any tax proceeds and revenues, or either, so pledged therefor.

Section 8. Provisions Hereof Control. Insofar as the provisions of this act may be inconsistent with the provisions of any other law, the provisions of this act shall control, it being hereby specifically declared that the provisions of Section 78 of Title 12 of the Code of Alabama of 1940 shall not be applicable to the warrants issued under the provisions of this act.

Section 9. Severability. If any clause or provision of this act shall be, or be declared to be, invalid, any such invalidity shall not affect any other clause or provision hereof that is not in itself invalid.

Section 10. Effective Date. This act shall become effective immediately upon its passage and approval by the Governor or upon its otherwise becoming law.

Approved September 17, 1973.

Act No. 1133

S. 312—Owen

AN ACT

To provide for the planning, design, location, financing, acquisition of property for, construction, alteration, enlargement, use, maintenance,

operation, and fostering of off-street automobile parking facilities in the City of Fairhope; authorizing the city council to create a parking authority or parking committee, and providing for its membership, authority and duties.

Be It Enacted by the Legislature of Alabama:

Section 1. It is hereby determined and declared that in the City of Fairhope the free circulation of traffic of all kinds through the streets of said city is necessary to the health, safety and general welfare of the public; that in recent years, the greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion in the streets of said city; that the parking of motor vehicles in the streets has contributed to this congestion; that such congestion prevents the free flow of traffic in, through and from the City of Fairhope and impedes the rapid and effective fighting of fires and disposition of its police force, threatens irreparable loss in the values of urban property within the city which can no longer be readily reached by vehicular traffic and endangers the health, safety and welfare of the general public; that this traffic congestion is not capable of being adequately abated except by provisions of sufficient off-street parking facilities; that adequate off-street parking facilities have not been provided and parking spaces now existing must be forthwith supplemented by off-street parking facilities provided by public undertaking; and that the enactment of the provisions of this Act is hereby declared to be a public necessity.

Section 2. The city council or other municipal governing body of the City of Fairhope hereby is authorized and empowered to acquire, receive, take and hold, whether by purchase, gift, lease, devise, or condemnation, or otherwise, property of every description, whether real, personal or mixed, and to manage said property and develop any undeveloped property owned, leased or controlled by such city for the purposes hereinafter set out; to execute such contracts and other instruments and to take such other action as may be necessary and convenient to carry out the provisions of this Act or to exercise the power granted hereunder; to plan, establish, acquire, construct, enlarge, improve, maintain, equip, operate, regulate and protect parking facilities; to lease or let such facilities or any one or more of them to such tenant or tenants for such term, or terms, as such compensation or rental as the council or other governing body may from time to time direct; to issue interest bearing revenue bonds payable from the limited sources hereinafter referred to; to pledge for payment of such bonds any revenues or funds from which such bonds are made payable; to make and enter into contracts, leases and agreements incidental to or necessary for the accomplishment of any purpose or purposes authorized by this Act; to make and enforce

rules and regulations governing the use of any parking facilities owned or controlled by said city; to cooperate with the state, any county, city, town, public corporation, agency, department or political subdivision of the state, and to make such contracts with them or any of them as the council or other governing body may deem advisable to accomplish the purposes of this Act; to receive and accept grants for or in aid of the construction, extension, improvement, maintenance or operation of any parking facility from the United States of America or any agency thereof, from the state, any department or agency thereof and any political subdivision thereof and to receive and accept money, property, labor or other things of value from any source whatsoever; and to do any and all things necessary or convenient for the exercise of any power herein granted.

Section 3. The council or other governing body is hereby specifically authorized to lease any said parking facilities constructed under the provisions of this Act; provided, however, that prior to leasing any such parking facility the council or other governing body must determine and find the following: the amount necessary in each year to pay the principal of and the interest on the bonds proposed to be issued to finance such project; the amount necessary to be paid each year into any reserve fund which the council or other governing body may deem it advisable to establish in connection with the retirement of said bonds and the maintenance of said parking facility or facilities; and, unless the terms under which the project is to be leased, provided that the lessee shall maintain the project and carry all proper insurance (including liability insurance) with respect thereto, the estimated cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement shall provide for the payment of rentals based on such findings and determinations as are sufficient (a) to pay the principal of and interest on the bonds issued to finance the parking facility, (b) to build up and maintain any reserves deemed by the council or other governing body to be advisable in connection therewith, (c) unless the agreement of lease obligates the lessee to pay for the maintenance and proper insurance (including liability insurance) of the parking facility, to pay the cost of maintaining the parking facility in good repair and keeping it properly insured. The lease agreement may, at the discretion of the council or other governing body, contain provisions prescribing minimum operating hours, maximum operating hours, maximum charges to be collected by the operator, and other terms to be observed by the lessee.

Section 4. The principal of and interest on any bonds issued under this Act shall be secured by a pledge of the revenue out of which such bonds may be made payable and

may be secured by a mortgage covering all or any part of any project or projects from which the revenues so pledged may be derived, and may be secured by a pledge of the lease of such project. The proceedings under which such bonds are authorized to be issued or any such mortgage may contain any agreements and provisions customarily contained in instruments securing bonds, including, without limiting the generality of the foregoing, provisions respecting the fixing and collection of rents for any project covered by such proceedings or mortgage, the terms to be included in the lease of such project, the maintenance and issuance of such project, the creation and maintenance of special funds from the revenues from such project, and the rights and remedies available in event of default of the bond holders or to the trustee under a mortgage, all as the governing body shall deem advisable and as shall not be in conflict with the provisions of this Act; provided, however, that in making any such agreements or provisions the City of Fairhope shall not have the power to obligate itself except with respect to the project and the application of the revenues therefrom and shall not have the power to incur a pecuniary liability or a charge upon its general credit or against its taxing powers. The proceedings authorizing any bonds hereunder and any mortgage securing such bonds may provide that, in the event of default in payment of the principal of or the interest on such bonds or in the performance of any agreement contained in such proceedings or mortgage, such payment and performance may be enforced by mandamus or by the appointment of a receiver in equity with power to charge and collect rents and to apply the revenues from the project in accordance with such proceedings or the provisions of such mortgage. Any such mortgage may provide also that, in the event of default such payment or the violation of any agreement contained in the mortgage, the mortgage may be foreclosed either by sale at public outcry or by proceedings in equity, and may provide that any trustee under such mortgage or the holder of any of the bonds secured thereby may become the purchaser at any foreclosure sale if the highest bidder therefor. No breach of any such agreement shall impose any pecuniary liability upon the City of Fairhope or any charge under its general credit or against its taxing powers.

Section 5. Any bonds issued hereunder and at any time outstanding may at any time and from time to time be refunded by the City of Fairhope by the issuance of its refunding bonds in such amount as the governing body may deem necessary but not exceeding any amount sufficient to refund the principal of the bonds so to be refunded, together with any unpaid interest thereon and any premiums and commissions necessary to be paid in connection therewith. Any such re-

funding may be effected whether the bonds to be refunded shall have then matured or shall thereafter mature, either by sale of the refunding bonds and the application of the proceeds thereof for the payment of the bonds to be refunded thereby, or by exchange of the refunding bonds for the bonds to be refunded thereby; provided, that the holders of any bonds so to be refunded shall not be compelled without their consent to surrender their bonds for payment or exchange prior to the date on which they are payable, or if they are called for redemption, prior to the date on which they are by their terms subject to redemption. Any refunding bonds issued under the authority of this Act shall be payable solely from the revenues out of which the bonds to be refunded thereby were payable, and shall be subject to the provisions contained in Section 4. of this Act, and may be secured in accordance with the provisions of Section 3. of this Act.

Section 6. The proceeds from the sale of any bonds issued under authority of this Act shall be applied only for the purpose for which the bonds were issued; provided, however, that any accrued interest and premium received in any such sale shall be applied to the payment of the principal of or the interest on the bonds sold; and provided, further, that if for any reason any portion of such proceeds shall not be needed for the purpose for which the bonds were issued, then such unneeded portion of said proceeds shall be applied to the payment of the principal of or interest on said bonds. The cost of acquiring any project shall be deemed to include the following: the actual cost of the construction of any part of a project which may be constructed, including architect's and engineer's fees; the purchase price of any part of a project that may be acquired by purchase; all expenses in connection with the authorization, sale and issuance of the bonds to finance such acquisition; and the interest on such bonds for a reasonable time prior to construction, during construction, and for not exceeding six months after completion of construction.

Section 7. The City of Fairhope may pay out of its general funds or otherwise contribute any part of the costs of acquiring a project, and may use land already owned by the municipality, or in which the municipality has an equity, for construction thereof of a project; and the municipality may accept donations of property to be used as a part of any project and money to be used for defraying any part of the cost of any project.

Section 8. Bonds issued under the provisions of this Act shall be legal investments for savings banks and insurance companies organized under the laws of this state.

Section 9. The bonds authorized by this Act and the income therefrom shall be exempt from all taxation in the state. All property and income of the authority shall be exempt from all state, county, municipal and other local taxation; provided, however, this exemption shall not be construed to exempt concessionaires, licensees tenants, operators or lessees of or on any parking facility owned by any authority from the payment of any taxes, including license or privilege taxes levied by the state, the county or any municipality in the state.

Section 10. The city council or other municipal governing body may, by local ordinance, create a parking authority or parking committee to which it may delegate all authority heretofore or hereafter held by said council with respect to the development, creation, operation and general supervision of any and all matters related to public parking. Said parking committee shall be composed of not less than seven nor more than thirteen members as the city council may decide, and all such members shall be residents of the City of Fairhope and over the age of twenty-one years. In so far as is nearly mathematically possible, of the members first appointed, one-third shall be appointed for terms of two years, one-third for terms of three years and one-third for terms of four years. Thereafter all members of the committee shall serve for terms of four years. Upon the creation of the parking committee, it shall assume authority of the city council with respect to public parking in the City of Fairhope, and perform all duties in matters related thereto.

Section 11. Neither this Act nor anything herein contained shall be construed as a restriction or limitation upon any powers which the City of Fairhope might otherwise have under any laws of this state, but shall be construed as cumulative; and this Act shall not be construed as requiring an election by the voters of said city prior to the issuance of bonds hereunder by such municipality.

Section 12. If any section, provision, or clause of this Act shall be declared invalid or unconstitutional, such declaration shall not affect the part or parts which remain.

Section 13. This act shall become effective upon approval by a majority of the qualified electors of the City of Fairhope who vote at a referendum to be held on the first Tuesday after the expiration of three months from the final adjournment of the current session of the legislature.

Be It Enacted by the Legislature of Alabama:

Section 1. There is hereby created and established a continuing fund to be known as the Judicial Retirement Fund. The fund shall be made up from contributions from justices of the supreme court, judges of the court of civil appeals, judges of the court of criminal appeals, and the judges of the several circuit courts of the state, and from a yearly sum to be paid into such fund from the general fund in the state treasury in such amount as shall be sufficient to carry out the provisions of this Act.

Section 2. The judicial retirement fund shall be administered by the secretary-treasurer of the state employees' retirement system under the supervision of the board of control of the said state employees' retirement system; and said board of control shall be the trustee of such fund and shall handle such fund in the same manner and pursuant to the same rules and regulations that it handles funds in the state employees' retirement system. Any justice or judge or spouse and/or child of a justice or a judge who is aggrieved by any decision of the board of control shall have the right to appeal to the Supreme Court of Alabama where the Supreme Court shall hear said appeal de novo.

Such benefit shall continue to be seventy-five percent of his salary prescribed by law for such position and shall change in amount as such salary is hereafter increased or decreased by law, and shall not be subject to writs of attachment or garnishment.

(b) The retirement benefit payable to a judge of a circuit court retiring pursuant to Section 5, subsection (b), items (2), (3), (4) or (5) of this Act shall be seventy-five percent of the salary prescribed by law of the salary payable from the state treasury to circuit judges. Such retirement benefits shall be payable monthly for the life of the beneficiary, and shall continue to be seventy-five percent of the salary then prescribed by law for the respective position and shall change in amount as such salaries are hereafter increased or decreased by law, and shall not be subject to writs of attachments or garnishment.

(c) After the death of any justice or judge who has held office for a minimum of five years, his spouse shall receive a yearly benefit equivalent to three percent of the salary payable from the state treasury prescribed by law for his former position as either a justice or judge, as the case may be, for each year of service, not to exceed thirty percent of such sal-

(e) Every justice or judge who has retired pursuant to this Act may, on the request of the chief justice, the presiding judge of a court of appeals, or the Governor, be called to active duty status, and when serving with the supreme court or courts of appeals, perform such duties as may be prescribed by the chief justice, or the presiding judge of the court of appeals with which he is serving. Such retired justice or judge of a court of appeals in such active service status shall receive an additional sum during the term of such service which, when added to his retirement benefits, would amount to two hundred and fifty (\$250.00) dollars per month less than the monthly salary paid a justice or judge of the appellate court from which he has retired. The salary paid a retired circuit judge called to active service with the supreme court or a court of appeals shall be the salary paid a circuit judge, in the circuit from which said judge retired. The salary paid a retired circuit judge called to active service as a circuit judge shall be the salary paid a regular judge in the circuit to which he is assigned or in the circuit from which he retired, whichever is greater. In no event, however, shall the total compensation paid to a retired circuit judge on active status during any calendar year exceed a sum which is \$1,000.00 less than the compensation received by a regular judge in the circuit from which such judge retired. The chief justice, with the advice of the supreme court or the presiding judge of a court of appeals, with the advice of the court over which he presides, shall determine whether such retired justice or judge is satisfactorily performing his assigned duties. Upon determination that such retired justice or judge is not satisfactorily

performing such duties, such retired justice or judge shall immediately be removed from active status and his additional active duty compensation shall be stopped.

Except as above provided a retired justice or judge shall hold office as such additional or extra judge during good behavior and may be removed only for causes specified in the Constitution. Such retired justices or judges may, however, but subject to the approval of the chief justice, be transferred to inactive status, upon request for such transfer. Justices or judges who revert to inactive status shall be entitled to the same retirement benefits prescribed in subsections (a) and (b), of this section for justices and judges who have retired. Whenever a retired justice or judge of a court of appeals is serving in a circuit court, he shall receive compensation equal to that due the regular judge of that circuit for the performance of such duties, such compensation to be paid in the same manner as the compensation of the regular circuit judge is paid, and whenever a retired justice or a judge of a court of appeals is serving as an active member on the supreme court or on one of the courts of appeals, then he shall be entitled to receive during the time of such service, compensation equal to that due a regular justice or judge for the performance of such duties, such compensation to be paid in the same manner as the compensation of a regular justice or judge is paid. A retired justice, or judge of one of the courts of appeals, or circuit judge, while serving with the supreme court or one of the courts of appeals for reasons other than the absence or disqualification of a justice or judge shall perform such duties as may be prescribed by the chief justice when serving with the supreme court, or as prescribed by the presiding judge of the court of appeals with which he may be serving. Nothing contained herein or hereafter shall limit the power and authority of the chief justice to transfer a retired justice or judge from inactive status to active status, or from active status to inactive status as the public interest in his judgment requires.

Section 8. Whenever a justice or judge retires pursuant to this Act the office then held by him shall become vacant; and the vacancy shall be filled as provided by Article VI, Section 158 of the Constitution or such other applicable Section or Sections of the Constitution.

Section 9. This Act shall not apply to nor in any wise affect benefits paid to justices of the supreme court nor to judges of either of the courts of appeals or of the circuit court who have become supernumerary justices or judges pursuant to the provisions of Code of Alabama 1940, Title 13, Sections 31-33, or Act No. 288 (General Acts of Alabama 1945, p. 478)

or any other applicable Act as such Acts have been amended, supplemented or superseded. Provided further that any judge of a circuit court holding office at the time this Act becomes law who is entitled to credit for prior service toward earning supernumerary status in a position other than as a circuit judge, shall be entitled to have all such service credited toward retirement status under this bill provided he does so within three years from the date this Act becomes law by notifying the supreme court in writing of the service for which he is at that time entitled to credit toward obtaining supernumerary status and for which he desires credit toward retirement under the judicial retirement fund provided by this Act. Upon receipt of such notice the supreme court shall make a judicial determination of the amount of such credit to which such judge is entitled and shall notify the board of control of the state employees' retirement system of this determination and such service shall be credited to such judge's retirement benefits and shall be counted as time of service as a circuit judge under this Act.

Section 10. Any justice or judge holding office as a member of the supreme court, a court of appeals, or of a circuit court at the time this Act becomes law, who has paid contributions into the Employees' Retirement System of Alabama, shall be entitled to have such contributions transferred from the Employees' Retirement System of Alabama into the Judicial Retirement Fund and to receive credit for the time of service he had acquired under the Employees' Retirement System of Alabama as time of service in the judicial position which he holds at the time of the adoption of this Act, regardless of whether or not such time of service was continuous, provided such time of service acquired under the Employees' Retirement System of Alabama was in a legal or judicial position, and further provided such justice or judge requests such transfer within three years from the date of the time that this Act becomes law. Upon request of such justice or judge, the Secretary-Treasurer of the Employees' Retirement System of Alabama shall transfer such contributions and accrued interest thereon into the Judicial Retirement Fund and shall certify to the Judicial Retirement Fund and to such justice or judge the time of service that such justice or judge has accumulated in the Employees' Retirement System of Alabama, which said time of service shall count toward any judicial retirement benefit. Any justice or judge of the supreme court, a court of appeals, or of a circuit court holding office at the time this Act becomes law who has had time of service in a legal or judicial position in which he could have become a member of the Employees' Retirement System of Alabama, if he had elected to do so but did not so elect, or who has time

of service in the Employees' Retirement System of Alabama in a legal or judicial position, but has since withdrawn the contributions to such system, or who has time of service in the legislature of Alabama, provided credit may be claimed for a maximum of two and one-half years' service in the legislature, shall be entitled to have such time of service, regardless of whether or not such time of service was continuous, treated as time of service in the judicial position he holds at the time this Act becomes law; provided, such justice or judge pays into the Judicial Retirement Fund of Alabama a sum equal to four and one-half percent of his then annual salary for each year of such service that he elects to count toward judicial retirement; and further provided such election and payment is made to the Secretary-Treasurer of the Employees' Retirement System of Alabama within three years from the date this Act becomes law. Should the records of the Employees' Retirement System of Alabama fail to reflect the position held thereunder, affidavits from disinterested persons that such position was a legal or judicial position shall suffice as proof thereof.

Should the service of a justice or a judge of the supreme court, a court of appeals, or a circuit court be terminated prior to the time he is entitled to receive retirement benefits under this Act, the then such justice or judge shall have the right to elect to withdraw from the Judicial Retirement Fund and to have refunded to him his contributions to the Judicial Retirement Fund, plus accrued interest thereon; provided, further, should such a justice or judge not elect to withdraw from the Judicial Retirement Fund he shall be entitled to receive a certificate from the Secretary-Treasurer of the Employees' Retirement System of Alabama showing the time of service he has accumulated toward retirement. If he has sufficient time of service for any retirement benefit herein provided upon reaching a retirement age, or upon becoming permanently disabled as defined in this Act or upon his death, such certificate may be filed as proof of time of service with the then Secretary-Treasurer of the Judicial Retirement Fund in lieu of the requirements of Section 6; however, he shall indicate to the chief justice of the supreme court his desire as to inactive or active retired status.

Section 11. The legislature from time to time shall appropriate sufficient monies out of the general fund of the state treasury to sufficiently provide for the provisions of said Act. The amount paid from the general fund into the Judicial Retirement Fund annually shall not be less than the yearly contributions paid by all members. Sufficient monies are hereby appropriated out of the general fund to provide adequate funds for the operation of said Judicial Retirement Fund for the fiscal year ending September 30, 1974, and for the fiscal year

1957

ending September 30, 1975. Should the legislature fail to appropriate monies or sufficient monies for the Judicial Retirement Fund then the contributions from the state out of the general fund to be paid into the Judicial Retirement Fund shall be paid out of monies appropriated to the account designated for salaries of supernumerary justices and judges; provided, however, that such payments shall not adversely affect the amounts paid to any supernumerary justice or judge.

Section 12. The provisions of this Act are severable. If any part of the Act is declared invalid or unconstitutional, such declaration shall not affect the parts which remain.

Section 13. The provisions of this Act are cumulative and shall not be construed to repeal or supersede any laws not inconsistent herewith.

Section 14. Should there hereafter be created a different or additional state judicial office, which officeholders receive compensation from the state treasury, then the provisions of this Act shall be applicable to such state judicial officeholders; however, if the different or additional office is an appellate position then the provisions applicable to a judge of the court of criminal appeals or court of civil appeals shall be applicable to such different or additional judicial office, and if the different or additional judicial office is a trial position, then the provisions of this Act applicable to a circuit judge shall be applicable to the different or additional judicial position.

Section 15. This Act shall become effective immediately upon its passage and approval by the Governor, or upon its otherwise becoming a law.

To amend Section 402 of Title 51 of the Code of Alabama of 1940, as heretofore amended, to provide for the allowance of a deduction, for Alabama corporate income tax purposes, for all amounts invested in devices, parts of devices, systems or facilities used or placed in operation in the State of Alabama, or to be used or placed in operation in the State of Alabama, primarily for the protection of the public and the public interest through the control, reduction or elimination of air or water pollution, to provide for, in lieu of such deduction, the amortization of all such amounts over such period (not exceeding the useful life of the devices, parts, systems or facilities for which such amounts were expended) as shall be specified in the tax return respecting the taxable year during which such amounts were expended and for appropriate deductions of the amounts so amortized, to provide that the taking of any such deductions shall be optional with the taxpayer, to provide that any such deduction, if taken, shall be in lieu of any other allowance for depreciation or obsolescence with respect to such devices, parts, systems or facilities, and to provide that none of such deductions shall be subject to any apportionment or allocation otherwise required and that all thereof shall be allowed in full.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 402 of Title 51, Code of Alabama is hereby amended to read as follows:

“Section 402. In computing the net income of domestic corporations doing business in this state subject to the tax imposed by section 398 of this title, there shall be allowed as deductions items described in the following numbered subsections of this section. In computing the net income of foreign

corporations doing business in this state subject to the tax imposed by section 398 of this title, there shall be allowed as deductions the items described in the following numbered subsections of this section, but only if, and to the extent that, such items are referable to or arise in connection with income of such corporations arising from sources within the State of Alabama; the proper apportionment and allocation of deductions of such foreign corporations with respect to the income arising from sources within and without the state of Alabama shall be determined under the rules and regulations prescribed by the department of revenue; provided that in the case of foreign corporations doing business partly within and partly without Alabama where income is apportioned and allocated to Alabama the expense incurred by such corporation in connection with earning such income shall be apportioned to Alabama in such manner as shall fairly reflect the net income of the corporation attributable to its operations in Alabama; provided, however, that none of the deductions allowed by subsection (12) of this section shall be subject to any such apportionment or allocation and all thereof shall be allowed in full, any provisions thereof to the contrary notwithstanding. Subject to the limitations contained in the preceding sentence, there shall be allowed as deductions in computing the net income of corporations:

(1) All ordinary and necessary expenses paid or incurred during the taxable year in carrying on any trade or business including a reasonable allowance for salaries and other compensation for personal services actually rendered, and including rentals or other payments required to be made as a condition to the continued use or possession of property to which the corporation has not taken or is not taking title, or in which it has no equity.

(2) All interest paid or accrued within the taxable year on its indebtedness except on indebtedness incurred or continued to purchase or carry obligations or securities (other than obligations of the United States issued after September 24, 1917), the interest upon which is wholly exempt from taxation under this title as income to the taxpayer; in the case of a foreign corporation, the proportion of such interest which shall be deductible shall be a portion of such interest determined by the ratio the amount of its gross income from sources within the state of Alabama bears to the amount of its gross income from all sources both within and without the state of Alabama.

(3) Taxes paid or accrued within the taxable year (a) imposed by the authority of the United States, or (b) by authority of any of its possessions; (c) by the authority of any

state or territory, or any county, school district, municipality, or other taxing subdivision of any state or territory not including income tax and not including those assessed for local benefits of a kind tending to increase the value of the property assessed but excluding the income taxes levied and imposed under this title. In the case of a foreign corporation taxes paid or accrued within the taxable year imposed by the authority of the state of Alabama or any county, school district, municipality or any other taxing subdivision of the state of Alabama excluding the income taxes levied and imposed under this title and the amount of taxes other than income taxes imposed by other authorities mentioned in this subsection (3) which shall be deductible by such foreign corporations shall be determined by the ratio that the gross income of the foreign corporation from sources within the state of Alabama bears to its gross income from all sources both within and without the state of Alabama; the amount of federal income tax which shall be deductible by such foreign corporation shall be determined by the ratio that the net income (as computed without any deduction for any applicable federal, state or local taxes on net income or any federal or state or local taxes measured by net income) of the corporation on business done within Alabama bears to its net income (as computed without any deduction for any applicable federal, state or local taxes on net income or any federal or state, or local taxes measured by net income) from business done both within and without the state of Alabama.

(4) Losses sustained during the taxable year and not compensated for by insurance or otherwise.

(5) Losses from debts ascertained to be worthless and charged off during the taxable year of such ascertainment, if sustained in the conduct of the regular trade or business of the taxpayer during the period covered by an Alabama tax law.

(6) A reasonable allowance for the exhaustion, wear and tear of property used in the trade, or business, including a reasonable allowance for obsolescence.

(7) In the case of mines, oil and gas wells, other natural deposits, and timber, a reasonable allowance for depletion and for depreciation of improvements, according to the peculiar conditions in each case, based upon the cost, including cost of development not otherwise deducted, such reasonable allowance in all cases to be made under rules and regulations to be prescribed by the department of revenue; in the case of leases the deductions allowed by this subsection shall be equitably apportioned between the lessor and the lessee.

(8) In the case of marine insurance companies, there shall be allowed amounts repaid to policyholders on account of premiums previously paid by them, and interest paid on such amounts between the ascertainment and the payment thereof.

(9) In the case of mutual insurance companies (other than mutual life or mutual marine insurance companies) requiring their members to make premium deposits to provide for losses and expenses, there shall be allowed the amount of premium deposits returned to their policyholders and the amount of premium deposits retained for the payment of losses, expenses and reinsurance reserves.

(10) Contributions or gifts made within the taxable year to recognized religious, charitable and scientific or educational institutions, or institutions for the prevention of cruelty to children or animals which are not operated for profit, and no part of the net earnings of which inures to the benefit of any private stockholder or individual, or contributions to the special fund for vocational rehabilitation authorized by section 7 of the United States Vocational Rehabilitation Act, the amount of such deduction not to be, however, in excess of five per centum of the taxpayer's net income as computed without the benefit of this subsection; such contributions or gifts shall be allowable as deductions only where made to institutions recognized as institutions for the above purposes under rules and regulations prescribed by the department of revenue.

(11) If contributions are paid by an employer to or under a stock bonus, pension, profit-sharing or annuity plan, or if compensation is paid or accrued on account of any employee under a plan deferring the receipt of such compensation, such contributions or compensation shall be deductible, but only to the extent permitted by the following lettered paragraphs of this subsection: (A) In the taxable year when paid, if the contributions are paid into a pension trust, and if such taxable year ends within or with a taxable year of the trust for which the trust is exempt under section 392 of this title in an amount which shall be determined as follows: (1) An amount not in excess of 5 per centum of the compensation otherwise paid or accrued during the taxable year to all the employees under the trust, but such amount may be reduced for future years if found by the department of revenue upon periodical examinations at not less than five-year intervals to be more than the amount reasonable necessary to provide the remaining unfunded cost of part and current service credits of all employees under the plan, plus (ii) Any excess over the amount allowable under subparagraph (i) of this paragraph (A) necessary to provide with respect to all of the employees under the trust the remaining unfunded cost of their past and current service

credits distributed as a level amount or a level percentage of compensation, over the remaining future service of each such employee, as determined under regulations prescribed by the department of revenue, but if such remaining unfunded cost with respect to any three individuals is more than 50 per centum of such remaining unfunded cost, the amount of such unfunded cost attributable to such individuals shall be distributed over a period of at least 5 taxable years, or (iii) In lieu of the amounts allowable under subparagraphs (i) and (ii) of this paragraph (A): An amount equal to the normal cost of the plan, as determined under regulations prescribed by the department of revenue, plus, if past service or other supplementary pension or annuity credits are provided by the plan, an amount not in excess of 10 per centum of the cost which would be required to completely fund or purchase such pension or annuity credits as of the date when they are included in the plan, as determined under regulations prescribed by the department of revenue, except that in no case shall a deduction be allowed for an amount (other than the normal cost) paid in after such pension or annuity credits are completely funded or purchased. (iv) Any amount paid in a taxable year in excess of the amount deductible in such year under the limitations set forth in subparagraphs (i), (ii) and (iii) of this paragraph (A) shall be deductible in the succeeding taxable years in order of time to the extent of the difference between the amount paid and deductible in each such succeeding year and the maximum amount deductible for such year in accordance with the limitations set forth in subparagraphs (i), (ii) and (iii) of this paragraph (A). (B) In the taxable year when paid, in an amount determined in accordance with paragraph (A) of this subsection, if the contributions are paid toward the purchase of retirement annuities and such purchase is a part of a plan which meets the requirements of subsection (5) of section 392 of this title, and if refunds of premiums, if any, are applied within the current taxable year or next succeeding taxable year towards the purchase of such retirement annuities. (C) In the taxable year when paid, if the contributions are paid into a stock bonus or profit-sharing trust, and if such taxable year ends within or with a taxable year of the trust with respect to which the trust is exempt and subsection (5) of section 392 of this title, in an amount not in excess of 15 per centum of the compensation otherwise paid or accrued during the taxable year to all employees under the stock bonus or profit-sharing plan. If in the taxable year beginning after July 7, 1945, there is paid into the trust, or a similar trust then in effect, amounts less than the amounts deductible under the preceding sentence, the excess, or if no amount is paid, the amounts deductible shall be carried forward and be deductible when paid in the succeeding taxable

years in order of time, by the amount so deductible under this sentence in any such succeeding taxable year shall not exceed 15 per centum of the compensation otherwise paid or accrued during such succeeding taxable year to the beneficiaries under the plan. In addition, any amount paid into the trust in a taxable year beginning after July 7, 1945, in excess of the amount allowable with respect to such year under the preceding provisions of this paragraph (C) shall be deductible in the succeeding taxable years, in order of time, but the amount so deductible under this sentence in any one such succeeding taxable year together with the amount allowable under the first sentence of this paragraph shall not exceed 15 per centum of the compensation otherwise paid or accrued during such taxable year to the beneficiaries under the plan. The term 'stock bonus or profit-sharing trust', as used in this subparagraph, shall not include any trust designed to provide benefits upon retirement and covering a period of years, if under the plan amounts to be contributed by the employer can be determined actuarially as provided in paragraph (A) of this subsection. If the contributions are made to two or more stock bonus or profit-sharing trusts, such trusts shall be considered a single trust for the purposes of applying the limitations in this subparagraph. (D) In the taxable year when paid, if the plan is not one included in paragraphs (A), (B), or (C) of this subsection, if the employees' rights to or derived from such employer's contribution or such compensation are nonforfeitable at the time the contributions or compensation is paid. (E) For the purposes of paragraphs (A), (B), and (C) of this subsection a taxpayer on the accrual basis shall be deemed to have made a payment on the last day of the year of accrual if the payment is on account of such taxable year and is made not later than the time prescribed by law for filing the return for such taxable year (including extensions thereof). (F) If amounts are deductible under paragraphs (A) and (C), or (B) and C, or (A), (B), and (C) of this section, in connection with two or more trusts, or one or more trusts and an annuity plan, the total amount deductible in a taxable year under such trusts and plans shall not exceed 25 per centum of the compensation otherwise paid or accrued during the taxable year to the persons who are the beneficiaries of the trusts or plans. In addition, any amount paid into such trusts or under such annuity plans in a taxable year beginning after July 7, 1945, in excess of the amount allowable with respect to such year under the preceding provisions of this paragraph shall be deductible in the succeeding taxable years in order of time, but the amount so deductible under this sentence in any one such succeeding taxable year together with the amount allowable under the first sentence of this paragraph shall not exceed 30 per centum of the compensation otherwise paid or

accrued during such taxable years to the beneficiaries under the trusts or plans. This paragraph shall not have the effect of reducing the amount otherwise deductible under paragraphs (A), (B), and (C), if no employee is a beneficiary under more than one trust, or a trust and an annuity plan. If there is no plan but a method of employer contributions or compensation has the effect of a stock bonus, pension, profit-sharing, or annuity plan, or similar plan deferred the receipt of compensation, this subsection (11) shall apply as if there were such a plan.

(12) All amounts invested during the taxable year in all devices, facilities or structures and all identifiable components thereof or materials for use therein, acquired or constructed primarily for the control, reduction or elimination of air or water pollution; provided, however, that in lieu of deducting such amounts, the corporation may elect to amortize all such amounts over such period (not exceeding the useful life of devices, facilities or structures for which such amounts were expended) as it specifies in its tax return respecting the taxable year during which such amounts were expended, in which case it shall be entitled to appropriate deductions for the taxable years so specified; and provided further (a) that the taking of any deduction authorized by this sub-section (12) shall be optional with the corporation; and (b) that if any such deduction is taken with respect to such devices, facilities or structures, such corporation shall not be permitted any allowance for depreciation or obsolescence thereof otherwise allowable under this section.

(13) The amounts received during taxable years beginning on or before December 31, 1968, as dividends from a corporation, or any subsidiary corporation of which the parent organization owns as much as fifty percent of the capital stock, which is taxable under this title upon the net income of the parent corporation or the subsidiary; the amounts received after December 31, 1968, as dividends from a corporation or any subsidiary corporation which is taxable under this title (including liquidating dividends), whether received in cash or property or both, if at the time of the receipt of such dividends the corporation receiving such dividends is the owner of stock, in the corporation distributing such dividends: (a) Possessing at least 50 percent of the total combined voting power of all classes of stock entitled to vote and (b) constituting at least 50 percent of the total number of shares of all classes of stock other than classes of stock which is limited and preferred as to dividends."

Section 2. If any provision or section of the Act be held unconstitutional, it is declared to be legislative intent that the

Act shall be construed to be severable in its provision and the remaining portions of the Act shall continue in force and effect.

Section 3. This act shall become effective upon its passage and approval by the Governor or upon its otherwise becoming a law.

AN ACT

To amend Section 25 of Title 51 of the Code of Alabama of 1940, as heretofore amended, so as to provide for the deduction, from the assessed value of the shares of any Alabama corporation for the purpose of taxation of such shares, of the assessed value of all devices, identifiable parts of devices, systems and facilities constructed, used or placed in operation in the State of Alabama primarily for the protection of the public and the public interest through the control, reduction or elimination of air or water pollution.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 25 of Title 51 of the Code of Alabama of 1940, as heretofore amended, shall be and hereby is further amended to read as follows:

“Section 25. Assessment and Collection. Every share of any domestic corporation except: (1) Financial institutions which comply with the provisions of this title as to excise taxes herein levied on such financial institutions (financial institutions within the meaning of this section and as expressly exempted from the provisions hereof are hereby defined as follows: Any corporation or any legal entity whatever doing business in this state as a bank, banking association, trust company, industrial or other loan company, building and loan association, and any other corporation or institution employing money capital coming into competition with the business of national banks); and except (2) insurance companies which are subject to the provisions of this title as to premium taxes herein levied on such insurance companies, and which shall be exempt from the tax assessed hereunder, shall be assessed and the taxes thereon collected in the county wherein such corporation has its home or chief office in the state and shall be assessed at thirty percent of its value to the person in whose name such shares stand on the books of the corporation and not to the corporation. Provided, however, that in the event the excise tax levied by this title upon such financial institutions be declared unconstitutional, the tender to the department of revenue of such excise tax despite such unconstitutionality shall be a bar to any demand, claim, levy or assessment, of any ad valorem tax under this section. The president or managing officer of every such corporation shall make out and return under oath to the tax assessor and to the department of revenue a list showing the total number of shares of the capital stock of such corporation and the par value thereof, and the full name and residence of each stockholder, as far as known, the actual value thereof, the date of the last sale of shares of stock of such corporation, with the name of the seller and the purchaser and the price paid for same, and the annual dividend declared on the stock of such corporation, for the last three years, and the value of the shares as shown by the books of the corporation, and by the last report of the officers to the

shareholders, and the amount of surplus, and the amount of the undivided profits not included in the surplus, and such other information as may be required by the department of revenue. There shall be attached to the copy of the return made to the department of revenue a true balance sheet as shown by the books, showing the condition of such corporation at the close of its fiscal period next preceding October first of the year for which the assessment is to be made. Such corporations shall at the same time make a tax return sworn to by its president or manager, to the department of revenue and to the county tax assessor, on forms prescribed and furnished by the department of revenue, of all taxable property, real and personal, situated in the state and owned by such corporation, and the department of revenue after passing on the value of the shares of the capital stock shall fix the value of all the shares of said corporation and shall take thirty percent thereof of which shall be the assessed value of the shares of said corporation. Whenever the department of revenue shall have passed on the valuation and assessment of the shares of any domestic corporation as herein provided, it shall give notice in writing by registered mail, return receipt demanded, to the president or managing officer or person signing the tax return of the corporation, or if no return has been made, then such notice to be addressed to any officer of the corporation against whose shares the assessment has been made, giving notice of the valuation and assessment, stating that on a day specified, it will determine any complaint against said valuation, which notice must be served at least ten days before the day specified for a final determination of the assessment. Upon hearing the complaint of protest against any valuation or assessment of the shares of the domestic corporation or if there has been no complaint or objection filed on or before the date specified in the notice for the determination of such matter, the department of revenue shall proceed to determine and fix the value of such shares and complete the assessment thereof. After the assessed value of all the shares has been passed on and determined the department of revenue shall deduct from the total value of such shares (a) the assessed value of the real and personal property of the corporation as shown by such tax return by the corporation or finally determined. Provided, however, that should the assessed value of the real and personal property as shown by such tax return differ from the assessed value of the real and personal property as finally determined by the taxing authorities required to assess such property or in case of appeal, as finally determined by the court of last resort, the same shall not affect the assessed value of all of the shares of the corporation as fixed by the department of revenue. It being the meaning and intent of this section that the assessed value of all the shares of the corporation be fixed

by the department of revenue and that there be deducted therefrom the correct assessed value of the real and personal property of the corporation when the same shall finally be determined. Provided, however, that if any property owned by a corporation which property is subject to taxation in this state is omitted from the tax return filed by said corporation, the same shall be assessed as an escape item or item of taxation in the same manner as escaped property of individuals and the value of such omitted property shall not be deducted from the value of the shares of stock of the corporation as assessed for taxation. If the aggregate assessed value of the shares does not exceed the aggregate assessed value of the real and personal property of the corporation, then no tax shall be demanded or collected on the shares. Provided further that any corporation within the provisions of this section shall be entitled, for the purpose of arriving at the value of its shares for taxation, to have deducted from the value of its shares as fixed by the department of revenue the assessed value of property owned in other states or amount of assessment of property made by it in other counties of this state on the next preceding first day of October. (b) The book value of all devices, facilities or structures, and all identifiable components thereof or materials for use therein, acquired or constructed primarily for the control, reduction or elimination of air or water pollution; and the value of residue remaining after deducting the assessed value of the real and personal property as finally determined and the assessed value of the aforesaid devices, facilities or structures shall constitute the assessment against the shares of such corporation, and such residue divided by the whole number of shares which constitute the assessment for each share of taxation.

Section 2. This act shall become effective upon its passage and approval by the Governor or its otherwise becoming a law.

AN ACT

To amend Section 348 of Title 51 of the Code of Alabama of 1940, as heretofore amended, so as to provide for the deduction, for purposes of computing the franchise tax on foreign corporations, of all amounts invested in all devices, identifiable parts of devices, systems and facilities used or placed in operation in the State of Alabama primarily for the protection of the public and the public interest through the control reduction or elimination of air or water pollution.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 348 of Title 51 of the Code of Alabama of 1940, as heretofore amended, shall be and hereby is further amended to read as follows:

"Section 348. A. Amount of levy on foreign corporations.—Every corporation organized under the laws of any other state, nation, or territory and doing business in this state, except strictly benevolent, educational or religious corporations, shall pay annually to the state an annual franchise tax of three dollars (\$3.00) on each one thousand dollars (\$1,000.00) of the actual amount of its capital employed in this state. Corporations which have qualified to do business in this state shall for the purpose of this title prima facie be held to be doing business in Alabama. Provided, however, in no event shall the amount paid by any corporation for annual franchise tax be less than the sum of twenty-five dollars (\$25.00).

B. Definition of capital.—The total capital of such foreign corporation shall be deemed to be an amount equal to the sum of the following:

1. The outstanding capital stock;
2. Surplus and undivided profits, which shall include any amounts designated for the payment of dividends until such amounts are definitely and irrevocably placed to the credit of stockholders subject to withdrawal on demand;
3. The amount of bonds, notes, debentures or other evidences of indebtedness maturing and payable more than one year after the first day of the franchise tax year;
4. The amount of the bonds, notes, debentures or other evidences of indebtedness maturing and payable at the time to (a) any individual stockholder owning directly or indirectly 10% or more of the capital stock of such foreign corporation or (b) another corporation owning more than 50% of the capital stock of such corporation, or (c) another corporation more than 50% of the capital stock of which is owned by such foreign corporation, and which other corporation referred to in (b) or (c) is not also required to pay a franchise tax to the state of Alabama;

5. The amount reasonably required to adjust the depreciable property accounts for any rapid, excessive, or unreasonable depreciation charges, or amortization, so as to restore the depreciable property accounts, for franchise tax purposes, to original cost less depreciation computed on the basis of the useful life of such property to the corporation.

C. Determination of capital employed in state.—The actual amount of such total capital as herein defined which is employed in this state shall be determined in accordance with generally accepted accounting principles appropriate in the particular case and such determination shall establish a rebuttable presumption as to the actual amount of capital employed by the corporation in this state; provided, however, that in the case of organizations whose accounts and records are kept according to rules prescribed by a regulatory agency or instrumentality of the United States or by the Alabama public service commission, or by a state insurance department, the actual amount of capital employed in this state as so determined shall in no event exceed the value of the sum of (1) its tangible property located in this state and (2) its intangible property employed in the conduct of its business in this state.

D. Exclusions and Deductions.—(1) There shall be excluded from the amount of capital as determined in subsection B the investment by the taxpayer in the capital of other corporations organized under the laws of Alabama, or under the laws of any other state if such other corporations also pay a franchise tax to the state of Alabama, unless the taxpayer is a dealer in stocks or securities and (2) there shall be deducted from the amount of capital employed in this state as determined in accordance with subsections B and C hereof, the following amounts: (a) The aggregate amount of loans of money made by the taxpayer in this state and which shall be secured by existing mortgage or mortgages to it on real estate in this state and upon which mortgage or mortgages there shall have been paid the recording privilege tax provided by law; (b) the amount invested by the taxpayer in bonds or other securities issued by the state of Alabama, or any county, municipality or other political subdivision of the state of Alabama, or any public corporation organized under the laws of the State of Alabama, unless such corporation is a dealer in securities; and (c) the amount invested by the taxpayer in all devices, facilities, or structures, and all identifiable components thereof or materials for use therein, acquired or constructed primarily for the control, reduction or elimination of air or water pollution.

and approval by the Governor or upon its otherwise becoming a law.

HOUSE JOINT RESOLUTION

Whereas, cattle rustling has reached alarming proportions in Alabama and is increasing at a rapid rate, causing some communities to become armed camps, and spreading fear and threats of economic disaster to many state cattlemen; and,

Whereas, enforcement officers in the Department of Conservation and Natural Resources are in a singular position to

help other law enforcement officers prevent cattle rustling and prosecute offenders; and,

Whereas, some conservation officers already are assisting in the fight against cattle rustling on an informal, local basis, such assistance being of great value;

NOW THEREFORE, BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING:

That, we urge the Alabama Department of Conservation and Natural Resources to institute a formal, state-wide program through its enforcement officers of cooperating in the fight to prevent cattle rustling.

HOUSE JOINT RESOLUTION

OPPOSING THE CLOSING OF THE MILITARY BASE AT
FORT MCCLELLAN

WHEREAS the announced decision that a study is being made to consider the closing of Fort McClellan at Anniston, Alabama has come as a distinct shock to the citizens of this state and particularly to the people of the Anniston area; and

WHEREAS strong local support has always been given to the military forces at Fort McClellan since, when with the declaration of war with Germany in 1917, the War Department was rapidly surveying the country for possible camp sites, the citizens of Anniston patriotically underwrote additional funds in the amount of \$136,000 necessary to compensate owners of crops planted on the desired site, an obligation which cost the citizens of Anniston much anxiety and hard work and was not paid off until 1934; and

WHEREAS the unusually favorable climate of Anniston, the high caliber civilian personnel, including master craftsman available for employment at the Fort and the economic, civic, social and cultural contributions of the military have resulted in a closely interwoven relationship of mutual respect between Fort McClellan personnel and the citizens of Anniston, a fact which is attested to by the large number of military retirees and five of the six past commanding officers of Fort McClellan who have chosen to make Anniston their permanent home; and

WHEREAS the consideration of any plan to close Fort McClellan is a particularly severe blow in view of the fact that Fort McClellan was the home of the WACs and that plans were in the making to double the WAC strength by 1976, and that plans and expenditures have already been made in reliance upon the anticipated move of the Military Police School to Fort McClellan with the expected base strength to be 10,051, including some 8,851 military and 1,200 civilians by 1975; now therefore,

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That we respectfully request the Army to study thoroughly and evaluate carefully the many advantages of keeping its installation at Fort McClellan open and activated to its fullest capacity and that all plans to close its facilities at that place be definitely abandoned as soon as possible.

BE IT FURTHER RESOLVED That copies of this resolution be sent to the following:

The Honorable Howard H. Callaway
Secretary of the Army
Department of the Army
Washington, D. C. 20310

General Creighton Abrams

RESOLVED FURTHER That copies of this resolution also be sent to Senators John Sparkman and James Allen and to each member of the Alabama delegation in the House of Representatives of the United States Congress, with the urgent request that each such officer do everything in his power which is necessary and appropriate to maintain the military facilities at Fort McClellan and to prevent the closing of its base of operations.

The concurrence of three members of the Board of Directors shall be necessary for any action taken by the Authority. Should any of said officials of the state die or should his term of office (as Director of Finance, Director of the Alabama Development Office, State Treasurer or Executive Secretary to the Governor, as the case may be) expire or should he resign therefrom, his successor in office shall take his place as a member, officer and director of the Authority. No member, officer or director of the Authority shall draw any salary, in addition to that now authorized by law, for any service he may render or any duty he may perform in connection with the Authority. All proceedings had and done by the Board of Directors shall be reduced to writing by the Secretary of the Authority and recorded in a substantially bound book. Copies of such proceedings, when certified

by the Secretary of the Authority under the seal of the Authority, shall be received in all courts as prima facie evidence of the matters and things therein certified.

No bonds issued under the provisions of this act shall constitute a debt or liability of the state or any political subdivision thereof other than the Authority, or a pledge of the faith and credit of the state or of any political subdivision thereof, but such bonds shall be payable solely from the revenues and anticipated revenues pledged or available for that payment as authorized herein. All such bonds shall contain on the face thereof a statement to the effect that the Authority is obligated to pay the principal thereof and interest thereon only from its revenues and the proceeds from the sale of such bonds, that neither the state nor any political subdivision thereof other than the Authority is obligated to pay such principal or interest, and that neither the faith and credit nor the taxing power of the state or of any political subdivision thereof is pledged to the payment of such principal or interest.

Section 5. BONDS OF THE AUTHORITY. Bonds of the Authority may be sold from time to time as the Board of Directors may deem advantageous; provided, that the aggregate principal amount of bonds of the Authority which may be issued under this act shall be limited to Twenty Million Dollars (\$20,000,000), but the said limitation shall not apply to refunding bonds which may be issued under this act and also shall not apply to bonds of the Authority which may be issued under any other act which may at any time hereafter be enacted. The bonds shall be in such forms and denominations and of such tenor and maturities, shall bear such rate or rates of interest payable and evidenced in such manner, and may contain other provisions not inconsistent with this act, all as may be provided in the resolution or resolutions of the Board of Directors of the Authority wherein the bonds are authorized to be issued; provided, that none of the bonds shall have a specified maturity date later than thirty years after its date. Such bonds may be in bearer form with interest coupons or registered as to principal and interest, or may be registered as to principal only, and upon surrender and endorsement or assignment, may be exchanged for a like bearer or registered security for a reasonable fee and upon such signature guarantees and other assurances as the Authority may prudently require. The bonds and coupons shall be construed to be negotiable instruments although payable from a specified source as provided in this act and such bonds and coupons shall have and are hereby declared to have all the qualities and incidents of negotiable instruments under the negotiable instruments law of the state. The Authority may at its election retain in the resolution or resolutions under which any of the bonds are issued an option to redeem all or any thereof and at such redemption price or prices and after such notice or notices and on such terms and conditions as may be set forth in said resolution or resolutions and as may be briefly recited in the face of the bonds with respect to which such option of redemption is retained. With respect to those of the bonds having stated maturities more than ten years after the date thereof, the Authority shall retain in the resolution or resolutions authorizing their issuance an option to redeem, at the expiration of the tenth year following the date thereof and

on any interest payment date thereafter, all or any of the bonds having stated maturities after the expiration of the tenth year following their date, at such redemption price or prices and after such redemption notice or notices and on such terms and conditions as may be set forth in said resolution or resolutions and briefly recited in the face of the bonds.

Section 6. EXECUTION OF THE BONDS. The bonds shall be signed by the President of the Authority and attested by its Secretary, and all interest coupons applicable to the bonds shall be signed by the President of the Authority; provided, that a facsimile of the signature of one, but not of both, of said officers may be printed or otherwise reproduced on any of the bonds in lieu of their being manually signed and a facsimile of the President's signature may be printed or otherwise reproduced on any of the interest coupons in lieu of their being manually signed. The seal of the Authority shall be impressed on the bonds, provided that a facsimile of said seal may be printed or otherwise reproduced on any of the bonds in lieu of being manually impressed thereon. If any officer duly authorized thereunto, after signing any of such bonds or the interest coupons thereunto appertaining, manually or by facsimile, shall for any reason vacate said office, nevertheless the said bonds and interest coupons may be delivered at any time thereafter as the act and deed of the Authority.

Section 7. SALE OF THE BONDS. Any of the bonds may be sold at any time and from time to time as said Board of Directors may deem advantageous. The bonds must be sold only at public sale, either on sealed bids or at public auction, to the bidder whose bid reflects the lowest net interest cost to the Authority for the bonds being sold, computed from the date of those at the time being sold to their respective maturities; provided, that if no bid acceptable to the Authority is received, it may reject all bids. Notice of each such sale must be given by publication in either a financial journal or a financial newspaper published in the City of New York, New York, and also by publication in a newspaper published in this state, which is customarily published not less often than six days during each calendar week, each of which notices must be published at least one time not less than ten days prior to the date fixed for the sale. The Board of Directors may fix the terms and conditions under which each such sale may be held; provided, that none of the bonds may be sold for a price less than the face value thereof; and provided, further, that such terms and conditions shall not conflict with any of the requirements of this act. Neither a public hearing nor consent of the State Department of Finance, or any other department or agency, shall be a prerequisite to the issuance of any of the bonds.

Section 8. REFUNDING BONDS. Subject to the provisions contained in this act, the Authority may from time to time sell and issue refunding bonds for the purpose of refunding any matured or unmatured bonds of the Authority issued under this act and then outstanding, together with any premium that may be necessary to be paid in order to redeem or retire the bonds proposed to be refunded. The limitations provided for in Section 5 of this act on the amount of bonds authorized in this act shall not apply to the said refunding bonds.

Section 9. PROPERTIES AND BONDS OF THE AUTHORITY AND INCOME THEREFROM EXEMPT FROM TAXATION—MAY BE USED TO SECURE DEPOSITS AND FOR INVESTMENT OF FIDUCIARY FUNDS. The properties of the Authority and the income therefrom and all lease agreements made by the Authority and income therefrom shall be forever exempt from any and all taxation in the State of Alabama. The bonds of the Authority and the income therefrom shall be forever exempt from any and all taxation in the State of Alabama. Any of the bonds may be used by the holder thereof as security for the deposit of any funds belonging to the state or to any instrumentality or agency of the state in any instance where security for such deposits may be required by law. Unless otherwise directed by the court having jurisdiction thereof, or by the document that is the source of authority, a trustee, executor, administrator, guardian, or one acting in any other fiduciary capacity may, in addition to any other investment powers conferred by law and with the exercise of reasonable business prudence, invest trust funds in any of the bonds.

Section 10. DEBTS AND CONTRACTS OF AUTHORITY. All debts assumed or created by the Authority and all bonds issued by it shall be solely and exclusively obligations of the Authority and shall not be obligations or debts of the State of Alabama. All contracts and agreements made by the Authority pursuant to the provisions of this act shall be solely and exclusively obligations of the Authority and shall not be obligations of the State of Alabama.

Section 11. PROCEEDS OF BONDS. The Authority shall pay out of the proceeds from the sale of any of the bonds all expenses, including fees of agents and attorneys and other charges, which said Board of Directors may deem necessary or advantageous in connection with the issuance of the bonds. The proceeds of the bonds, other than refunding bonds, remaining after paying the expenses of their issuance shall be turned over to the State Treasurer and shall be carried by him in a special account to the credit of the Authority and shall be subject to be drawn on by the Authority solely for the

purposes of acquiring real estate suitable for the purpose of the Authority in Jefferson County, Alabama (including all expenses reasonably necessary in connection with such acquisition) and erecting, constructing and equipping on such real estate exhibition halls, buildings, warehouses, storage facilities, parking areas and other structures and appurtenances of every kind and character used or useful in connection with the purpose for which the Authority is created and all reasonable and necessary expenses incidental thereto and to the issuance of said bonds, including payment of principal of those bonds which shall mature during the construction of said facilities and for a period not exceeding six months thereafter and including payment of interest which shall accrue on said bonds during the construction of said facilities and for a period not exceeding six months thereafter. Any portion of the principal proceeds derived from the sale of the bonds which the Board of Directors of the Authority may determine is not then needed for any of the purposes for which the bonds are authorized to be issued shall, on order of the Authority, be invested by the State Treasurer in any securities that are direct general obligations of the United States of America or the principal of and interest on which are unconditionally and irrevocably guaranteed by the United States of America. Any such securities may, at any time and from time to time on order of the Authority, be sold or otherwise converted by the State Treasurer into cash. The income derived from any such investments shall be disbursed on order of the Authority for any purpose for which it may lawfully expend funds. Any balance in said account shall, upon completion of the facilities above described and the payment of all costs, be transferred to the reserve fund account of the Authority hereinafter provided for. The proceeds from the sale of all refunding bonds issued by the Authority under this act remaining after paying the expenses of their issuance shall be turned over to the State Treasurer and used only for the purpose of refunding the principal of bonds of the Authority theretofore issued under this act and then outstanding and paying any premium that may be necessary to be paid in order to redeem or retire the bonds to be refunded.

Section 12. REVENUES OF THE AUTHORITY. For the purpose of providing funds for the payment of the costs and expenses necessary to accomplish the purpose of this Authority and for the payment of the principal of and interest on any bonds issued by the Authority under the provisions of this act, there is hereby created and irrevocably pledged to the payment of such obligations a special and continuing trust fund which shall consist of all revenues, receipts and income from rents contracted for and received by the Authority and all revenues, receipts and

income received by the Authority from any other source whatsoever. There shall be created within said special and continuing trust fund a reserve fund account of said Authority in the State Treasury in which shall be placed as a trust fund and held separate and apart from all other monies of the state or of the Authority, first, any monies left over after the completion of the acquisition, erection and construction of the facilities of the Authority and the payment of all costs in connection therewith and in connection with the issuance of the bonds and, second, all excess rentals and other surplus income after the payment of all annual charges and expenses of operation in each fiscal year, including principal and interest. Said reserve fund shall be held by the State Treasurer in trust for the Authority and the holders of its bonds and may be invested only in securities which are either direct obligations of the United States of America or fully guaranteed as to principal and interest by the United States of America. Said reserve fund shall be used by the State Treasurer to pay, when due and payable, any installment of principal and interest or both on the outstanding bonds of the Authority for which said fund was created which cannot be paid out of current revenues or other monies of the Authority. Said funds shall not be diverted or used for any other purpose. There shall be created in said special and continuing trust fund an account thereof in which shall be deposited, segregated and held only the amounts reasonably estimated to be necessary for the maintenance, operation and upkeep of the facilities of the Authority with all excess monies at the end of each fiscal year being transferred to the reserve fund, and the Authority is authorized and is hereby directed to pay out of such account in the special and continuing trust fund all reasonable expenses of the maintenance, operation and upkeep of the facilities of the Authority.

Section 13. PLEDGE AND LIEN FOR BENEFIT OF BONDS AND REMEDIES ON DEFAULT. In the proceedings authorizing the issuance of any of its bonds, the Authority is hereby authorized and empowered to pledge for the payment of the principal of and interest on such bonds, as the said principal and interest shall respectively mature, and to agree to use solely for such purpose, all the revenues which under the provisions of Section 12 hereof are provided for the payment of the said principal and interest. All such pledges made by the Authority shall take precedence in the order of the resolutions containing such pledge. In said proceedings the Authority may further provide and create, as security for the payment of said principal and interest, a statutory lien upon the facilities and properties of the Authority. Such statutory lien shall not be subject to foreclosure. Upon the issuance of any bonds pursuant to this act, the Authority shall file in the Office of the Judge of Pro-

bate of Jefferson County, Alabama, an instrument reciting the issuance of such bonds and the pledge of said revenues and the creation of said statutory lien as security therefor, and the filing of such instrument shall constitute constructive notice of said pledge and lien. Such instrument shall be received and recorded by said judge of probate upon payment of the fee for the recording of mortgages, but no tax shall be payable with respect thereto. If there be any default in the payment of the principal of or interest on any bonds issued hereunder, then the holder of any of the bonds and any of the interest coupons applicable thereto, or any one or more of them, shall be limited to the following remedies: (a) they may either at law or in equity, by suit, action, mandamus or other proceeding, compel performance of all duties of the officers and directors of the Authority and of the State Treasurer with respect to the use of funds for the payment of the bonds and for the performance of the agreements of the authority contained in the proceedings under which they were issued, and (b) regardless of the sufficiency of the security for the bonds in default and as a matter of right, they shall be entitled to the appointment of a receiver to administer and operate the facilities and other properties of the Authority out of the revenues from which the bonds issued with respect thereto are payable, with power to make leases and fix and collect rents sufficient to provide for the payment of the principal of and interest on the bonds and any other obligations outstanding against the facilities and other properties of the Authority or the revenues therefrom and for the payment of the expenses of operating and maintaining such facilities and properties, and with power to apply the income therefrom in accordance with the provisions of the proceedings under which the bonds were authorized to be issued, provided that said receiver shall have no power to sell any of the property or facilities of the Authority.

Section 14. STATE TREASURER TO DISBURSE CERTAIN FUNDS. Out of the revenues referred to in Section 12 herein, the State Treasurer is authorized and directed to pay the principal of and interest on the bonds issued by the Authority under the provisions of this act as such principal and interest shall respectively mature and he is further authorized and directed to set up and maintain appropriate records pertaining thereto.

Section 15. NOTICE OF BOND RESOLUTION. Any resolution authorizing any bonds hereunder shall contain a recital that they are issued pursuant to the provisions of this act, which recital shall be conclusive evidence that said bonds have been duly authorized pursuant to the provisions of this act, notwithstanding the provisions of any other law now in force or here-

after enacted or amended. Upon the adoption by the Board of Directors of any resolution providing for the issuance of bonds under the provisions of this Act, the Authority may in its discretion cause to be published once a week for two consecutive weeks, in a newspaper published and having general circulation in Jefferson County, Alabama, a notice in substantially the following form (the blanks being properly filled in): "Southern Products Mart Authority, an agency of the State of Alabama, on the _____ day of _____, adopted a resolution providing for the issuance of \$_____ principal amount of bonds of the said Authority for purposes authorized in the act of the Legislature of Alabama under which the said Authority was organized. Any action or proceeding questioning the validity of said resolution or said bonds, or the pledge and agreements made in said resolution for the benefit thereof, or the proceedings authorizing the same, must be commenced within twenty days after the first publication of this notice. Southern Products Mart Authority By: _____, Its President." Any action or proceeding in any court seeking to set aside or invalidate a resolution providing for the issuance of bonds under the provisions of this act or to contest the validity of any such bonds, or the validity of the pledge or agreement made therefor, must be commenced within twenty days after the first publication of such notice. After the expiration of the said twenty-day period, no right of action or defense founded upon the validity of the resolution or other proceedings, if any, or of the said bonds, or the said pledge or agreement, shall be asserted. In the event of such publication the validity of the said resolution proceedings, bonds, pledge or agreement shall not be open to question in any court on any ground whatever, except in an action or proceeding commenced within such period. Any such action and any action to protect or enforce any rights under the provisions of this act shall be brought in the Circuit Court of Jefferson County.

Section 16. AUDITS. At least once every twelve months subsequent to the formation of the Authority, the Authority shall appoint and employ a certified public accountant who shall make an examination in detail of all books and accounts of the Authority since the preceding examination and make a full report thereof in writing to be submitted to the Authority and spread upon its minute book at the first meeting of the Board after the receipt of said report. A copy of each such report shall be retained in the principal office of the Authority and made available at reasonable hours to any holder of any bond of the Authority upon request. A copy of each such report shall also be delivered by the Authority to the State Treasurer within thirty days after its receipt by the Authority.

Section 17. CONSTRUCTION OF FACILITIES. All facilities, buildings and structures constructed by the Authority shall be constructed according to plans and specifications of architects or engineers selected by the Authority. Such construction shall be done under the supervision and direction of the building commission created by Act No. 128 (page 116) adopted by the 1945 Regular Session of the Legislature of Alabama (hereinafter called "the Commission"), or any agency designated by the Legislature as its successor, following award for each part of the work to the lowest responsible bidder after advertising for receipt and public opening of sealed bids; provided, that the invitations for bids and the bidding documents shall be so arranged that any alternates from the base bid shall constitute cumulative deductions from the base bid and in determining the lowest bidder, if funds are insufficient to construct the facilities, buildings and structures on the lowest base bid, then the Commission may proceed to consider the bids upon the basis of the base bids of all bidders minus the respective reductions stated for the first alternate, and if the lowest bid so determined is not then within the funds available, the Commission shall proceed to consider the base bid minus the first and second alternates together to determine the lowest bid, and in like manner throughout all alternates, if need be, so that in no event shall there be any discretion as to which alternate or alternates will be used in determining the lowest responsible bidder. All such contracts shall be lump sum contracts. All contracts for the entire work shall be awarded at the same time but notice to proceed may be withheld until prior work under another contract has progressed to a point where the joint or following work can best be coordinated for the earliest completion of the entire project in a sound and workmanlike manner. The contracts shall be executed by the Authority upon the determination of the Commission as to the lowest bidders, respectively. Payments made by the Authority under the construction contracts shall be upon the contractor's written sworn request only if endorsed as approved by the Commission or in any lesser amount the Commission shall endorse as having been then earned on said contract. The Authority and the Commission shall agree to a construction cost estimate including reimbursement to the Commission of its reasonable direct cost in having plans, specifications and contract documents prepared and in supervising and inspecting the work. After the contracts have been awarded such construction cost estimates shall be revised and all extras on the contracts may be awarded within the funds available.

Section 18. TERMS AND CONDITIONS OF LEASING BY AUTHORITY. The Authority and any person are hereby authorized to enter into a lease or leases for the use and occupancy of

any or all property of the Authority or for the use and occupancy of any space in, or all of, any buildings or facilities constructed by the Authority under the provisions of this act, provided, that the proposed use by any such lessee or lessees shall be in furtherance of the purpose for which the Authority is created, and provided further that an adequate rental is established in said lease or leases. Any executive head of any agency, board, commission, public corporation, bureau or department of the state is hereby separately authorized to enter into any said lease with the Authority. No free space shall be available to any person on any of the property or in any of the buildings, facilities and structures of the Authority so long as the principal of or interest on any bonds, including refunding bonds, issued by the Authority remains unpaid. If at any time there is, or is about to be, vacant space on the property or in the buildings, facilities or structures constructed by the Authority and there is no person available to rent such space for the purpose for which the Authority is created, then, but only in such event, in order to prevent default in its bonds, the Authority is hereby authorized to enter into leases with any person for any lawful purposes pursuant to and subject to such rules and regulations as to such occupancy as may be adopted by the Authority, provided, that the use of such facilities by such tenants does not interfere with the use of the premises by other tenants who are occupying same in furtherance of the purpose for which the Authority is created, and provided further, that any such leases shall be based upon a rental rate (established by the Authority) commensurate with the then current commercial rates for similar facilities and space of like character in the City of Birmingham, Jefferson County, Alabama; any such lease shall not be for the purpose of competing with private enterprise or for lending public credit but shall be solely for the use and benefit of the holders of the Authority's bonds to avoid default thereon and to insure the prompt payment of the principal thereof and interest thereon when due.

Section 19. DISSOLUTION OF AUTHORITY. When all bonds issued by the Authority and all obligations assumed by it under the provisions of this act shall have been paid in full, then the President of the Authority shall thereupon execute and deliver in the name of and in behalf of the Authority an appropriate deed, or deeds, to which the seal of the Authority shall be affixed and attested by the Secretary of the Authority, whereby there shall be conveyed to the state all the lands, buildings, fixtures, properties and other assets then owned by the Authority. The then officers and directors of the Authority shall at such time file with the Secretary of State a written statement subscribed and sworn to by each of them, reciting

the payment in full of all bonds theretofore issued by the Authority and the execution and delivery of such deed or deeds to the state, which statement shall be filed by the Secretary of State and recorded with the certificate of incorporation of the Authority, whereupon the Authority shall stand dissolved.

Section 20. SEVERABILITY CLAUSE. In the event any section, sentence, clause or provision of this act shall be declared invalid by any court of competent jurisdiction, such action shall not affect the validity of the remaining sections, sentences, clauses, or provisions of this act which shall continue effective.

Section 21. SHORT TITLE. This act shall be known as and may be cited as Southern Products Mart Authority Act.

Section 22. EFFECTIVE DATE. This act shall become effective upon its passage and approval by the Governor, or upon its otherwise becoming a law.

HOUSE JOINT RESOLUTION

DECLARING LEGISLATIVE INTENT ON EDUCATORS' SALARY INCREASE

WHEREAS, the State Board of Education has directed in a resolution adopted on August 14, 1973 that the school term be increased from 175 to 180 days each year, and;

WHEREAS, the effect of said resolution could dilute the general salary increase which the Alabama Legislature approved for teachers and other public school personnel, and;

WHEREAS, this is contrary to the spirit and the intent of the increase in the state salary allocation for teachers approved by the Alabama Legislature and included in the regular Biennial Education Appropriations Act, and;

WHEREAS, teachers will support a longer school term provided they are not required to sign contracts to work more

than the current 180-day contract period without additional compensation for the extra days,

NOW THEREFORE BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, that the State Board of Education, the State Superintendent of Education, local boards of education, and local superintendents be advised that the Legislature strongly feels that teachers are entitled to the full salary increase provided in Act 384 of the 1973 Regular Session of the Alabama Legislature, and any action by administrative authority to require additional work days without additional salary for days beyond the 180-day contract term negates the intent of the Legislature in approving the general salary increase for educators.

Acts, 1971, p. 1783), and amended by Act No. 1576 of the Regular Session of the Legislature of Alabama of 1971, approved September 17, 1971 (Ala. Acts, 1971 p. 2692), which Act established a pension and relief or retirement and relief system for firemen and policemen who are members of any pension and relief system heretofore or heretofore established under Act No. 929 of the Legislature of Alabama of 1951, approved September 12, 1951 (Ala. Acts 1951, p. 1579) as amended, which 1951 Act established a pension system for officers and employees of each city of the state having a population of 250,000 or more, according to the latest or any subsequent Federal census.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 4 of Act No. 556, of the Regular Session of the Legislature of Alabama of 1959, enacted November 19, 1959 (Ala. Acts, 1959, p. 1376), as amended by Act No. 1576 of the Regular Session of the Legislature of Alabama of 1971, enacted September 17, 1971 (Ala. Acts, 1971, p. 2692) is amended so to read as follows:

Section 4. Board of Managers. There shall be a Board of Managers of three members for the administration, management and control of the Supplemental Pension System, including administration, management, control, acquisition and disbursement of the fund. The Board shall consist of the President of the governing body of the city, who shall be Chairman of the Board, and two associate members, designated respectively as "Member No. 1" and "Member No. 2". Member No. 1 shall be appointed by the Personnel Board. Member No. 1 shall be a person who at the time of his appointment is, and for a period of five consecutive years immediately preceding his appointment has been, an officer of, or the occupant of an executive position with, an insurance company issuing annuity policies and policies of disability insurance, the principal place of business of which insurance company is located within the city; provided, however, that if any such person is not available, the Personnel Board in appointing Member No. 1 shall select from the persons available that person who in the opinion of the Personnel Board is best qualified to discharge the duties of a member of the Board of Managers. Member No. 2 shall be elected from employees belonging to the Supplemental Pension System at an election to be held within sixty days from the date on which this Act becomes effective. The employee receiving a plurality of votes at the election shall be elected. At the first election to be held hereunder employees belonging to the System may vote for a fireman or policeman to hold the position to be occupied by Member No. 2 on the Board. In any election subsequent to the first election employees voting in such subsequent election shall not vote for any member of the System belonging to the same department (that is fire department or police department, as the case may be) to which the person last elected Member No. 2 for a full term belonged at the time of his election. The purpose of the next preceding sentence is to rotate Member No. 2 between the fire department and the police department of the city. The governing body of the city shall have the authority to prescribe rules and regulations concerning the notice of and conduct of the election to select Member No. 2. Member No. 1 and Member No. 2 shall hold office for a period of four years, with the first term for both commencing on the date on which the first Member No. 1 and the first Member No. 2 have both been selected.

"If the commencement of the actual operation of the system hereby established is delayed, or deferred, as a consequence of the validity of this Act being called in to question in litigation the four year terms of Member No. 1 and Member No. 2 shall not be deemed to begin until the litigation is terminated."

"The Board shall meet on the second Thursday in each

calendar month; provided, however, that the Board shall not be required to meet unless there is pending before the Board some application for a pension, relief or benefit or unless there is pending some other matter requiring consideration by the Board; and provided, further, that the Board by and through a resolution adopted by it may change the regular meetings from Thursday to such other time as may be convenient to the Board. Any two members of the Board, after due notice having been given to all members of the Board, may meet in special meeting and transact any business of the Board provided the Secretary shall be present and record the proceeding of the special meeting as hereinafter provided. The Board shall meet in the office of the Chairman, or such other place as the Board may designate."

"The personnel director shall be secretary of the Board and shall be present at every meeting of the Board, and keep a record of all proceedings of the Board and of all orders and decisions of the Board. Neither the secretary nor any member of the Board shall receive any salary or compensation for his services as such except Member No. 1, who shall receive ten dollars for each meeting attended, but not more than twenty dollars for meetings attended in any calendar month. Two members of the Board, when assembled in either regular or special meeting, shall constitute a quorum for the transaction of any and all business of the Board, and the affirmative vote of two members shall be necessary and sufficient to pass any motion or resolution. The Board is empowered to make rules and regulations not inconsistent with the provisions of the system in relation to its affairs and the system. The Board shall receive, investigate and pass upon all applications for retirement and disability and widow allowances and shall make retirement and disability and widow allowances in accordance with the system to all persons entitled thereto under the system, and its decision upon all matters of fact shall be final and conclusive unless it shall be affirmatively made to appear that its decision is plainly and manifestly wrong. The Board is authorized to borrow money up to the par value of the securities of the fund and to pledge such securities for repayment of the money borrowed. No money of the fund shall be invested, paid out or disbursed except pursuant to order or authorization of the Board. The Board shall be trustee, and have entire management and control of the fund, shall have sole and exclusive authority to invest its funds, and shall direct investments of monies of the fund not needed to meet disbursements provided for in this Act in the loans to members hereinafter referred to and in bonds of the United States, the State of Alabama and any municipality of Alabama, and in bonds of corporations organized under Fed-

eral laws or under the laws of any State of the United States; provided, however, that no funds shall be invested in bonds, or common or preferred stocks and stocks of private corporations unless such bonds are listed upon exchange subject to the jurisdiction of the Securities and Exchange Commission, and the aggregate par value of the funds invested in such bonds or common or preferred stocks and stocks of corporations last referred to above shall not exceed fifty (50%) per cent of the par value of all investments of the funds exclusive of loans to members. In addition to methods of removal hereinabove provided for, any member of the Board may be removed by impeachment for corruption or malfeasance or misfeasance in office or for habitual neglect of duty. From the funds of the System created by this Act the Board of Managers shall pay to the fund of the General Retirement and Relief System the amounts hereinafter specified. When any fireman or policeman retires on length of service, as is hereinafter provided for in Section 8, the Board of Managers of this System shall pay from the fund of this System the amount specified in the next succeeding sentence during each month between the date on which such fireman or policeman retired and the date on which he would have been entitled to receive a retirement allowance from the General Retirement and Relief System for thirty (30) years service had he not retired, but had continued to serve without interruption as a member of the General Retirement and Relief System until entitled to receive from said last named system a retirement pension based on thirty (30) years service. The amount which the Board of Managers created by this Act shall pay to the fund of the General Retirement and Relief System, during the period specified in the next preceding sentence shall be the sum of the amount which the city would have deducted from the salary of such fireman or policeman and would have paid into the fund of the General Retirement and Relief System had such fireman or policeman continue to be employed by the city during the period specified in the next preceding sentence at the same salary from which the deductions were made by the city at the time he retired under Section 8 of this Act plus the amount which the city during the said last named period would have paid from funds of the city into the funds of the General Retirement and Relief System to match said salary deductions had the said fireman or policeman continued to work until entitled to retire on a pension based on thirty (30) years service as aforesaid.

At least sixty days prior to the convening of the Regular Session of the Legislature of Alabama of 1961 the Board of Managers shall present to each member of the House of Representatives and of the Legislature of Alabama residing in any

county or Senatorial District wherein there is established any pension system provided for by this Act the report and survey of a competent actuary stating his opinion as to the ability of the funds and resources of the said system to meet the benefits provided, which said report or survey shall consider the cost of each of the said benefits separately and severally. If the actuary concludes that any reduction in benefits is necessary in order to assure the solvency of the fund, then in his report he shall include his recommendations as to what reductions should be made, to the end that the said Board may make such reductions in benefits as may be required to assure the solvency of the said fund. It is expressly provided that no claim for any benefit provided for by this Act shall be an obligation against the city, or the General Retirement and Relief System, it being the intention and purpose of this Act that the only funds out of which the benefits provided for by this Act will be paid shall be the fund of this pension system which said system is established upon the petition of the fireman and policeman belonging to the said system, with the express understanding on their part that the fireman and policeman and the dependents of firemen and policemen claiming benefits hereunder shall look only to the fund hereby created for the payment of benefits provided and with the full understanding upon the part of said firemen and policemen that the benefits provided for hereby will be reduced if reduction thereof is required in order to assure the solvency of the said fund. The said actuarial report or survey shall contain the opinion of the said actuary as to whether he considers any change in the benefits necessary in order to assure solvency of the fund, and if so, what change or changes he considers necessary. After the Regular Session of the Legislature of Alabama of 1961 the Board of Managers shall present to the members of the House of Representatives and the Senate designated above a similar actuarial report or survey at least once every four years sixty days prior to the convening of a Regular Session of the Legislature of Alabama. The Board of Managers shall have authority to secure other actuarial studies, investigations and reports at such other times as may seem proper to the Board. From the fund of the system the Board of Managers shall pay the cost of securing any such actuarial reports, surveys or investigations.

“(b) As herein used in this Section 4, the following words and terms have the meanings hereby ascribed to them: ‘the Board’ means the Board of Managers provided for by this Section 4; ‘the effective date of subsection (b)’ means the date on which this subsection (b) of Section 4 becomes effective; ‘this Act’ means Act 556, as amended; ‘the system means the pension system established by this Act; ‘the 3.50% proviso’ means the provisions of a contemplated amendment of this

Act which amendment will require the city to pay three and one-half per centum (3.50%); instead of two and 35/100 per cent (2.35%), of the city salary of each fireman and policeman belonging to the supplemental pension system, subject, however, to the following limitations: (1) only that part of a fireman's or policeman's salary subject to deductions under Act 929 shall be counted in determining the amount of the payment the city is to make to said pension system fund; (2) the requirement that the city pay said three and one-half per centum (3.50%) shall apply only to those firemen and policemen who elect to become subject to the requirement; and (3) each fireman or policeman electing to become subject to the said requirement shall pay (by salary deductions) to the supplemental pension system fund a matching amount which shall be equal to the three and one-half per centum (3.50%) the city pays to the said pension system fund; 'member electing the 3.50% proviso,' means a member electing to become subject to the 3.50% proviso; 'the additional payments to the system' means the additional payments the city and a member subject to the 3.50% proviso make to the system fund on account of his becoming subject to the 3.50% proviso.

"(c) Within sixty days of the effective date of subsection (b), above, of this Section 4, the Board shall employ an actuary to render actuarial opinions on the questions below stated, which questions and opinions shall be based upon the assumption below given.

"The assumption given is that this Act will be amended so as to include the provisions the 3.50% proviso contains."

"The first question on which the Board will secure an actuarial opinion pertains to the widow's allowance for which subsection (d) of Section 8 of this Act, as amended, provides, which the first question calls "the widow's allowance under Section 8'. The first question is the following:

(1) Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to increase the amount of the widow's allowance for which Section 8 provides, to what extent would sound actuarial practice and analysis permit such widow's allowance to be increased?

"The second question on which the Board will secure an actuarial opinion pertains to the death benefit for widows and children, for which Section 9 of this Act, as amended, provides, and which the second question calls 'death benefits under Section 9.' The second question is the following:

(2) Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to increase the death benefits under Section 9, to what extent

would sound actuarial practice and analysis permit such death benefits to be increased?

“The third and fourth questions on which the Board will secure actuarial opinions pertaining to the pension subsection (a) of Section 8 of Act 556, as amended, provides for members having at least twenty-five (25) years creditable time to receive from the system, which the third and fourth questions call ‘the retirement pension under Act 556.’ The third question on which the Board will secure the actuarial opinion is the following:

(3) Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to increase the amount of his retirement pension under Act 556, to what extent would sound actuarial practice and analysis permit such pension to be increased? Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to pay him an entirely new benefit (which will be in addition to the benefits provided by Act Numbers 556 and 929) said new benefit to be an additional pension for his life paid out of the fund set up by Act No. 556. The amount of said additional pension to be determined by a percent of his final average salary multiplied by the number of years of his creditable time in excess of twenty-five (25) years. What percent would sound actuarial practice and analysis permit?

(4) Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to reduce the amount of creditable time required to entitle him to the retirement pension under Act 556, how much creditable time would sound actuarial practice and analysis require to entitle such member to the said retirement pension?

“The fifth question on which the Board will secure an actuarial opinion pertains to the pension payable to members of the system under Act 929, to which a member of the system becomes entitled under Act 929, upon acquiring thirty (30) years creditable time, or to which, after retiring under Act 556 on at least twenty-five (25) years service, he becomes entitled under Act 929 on the date on which he would have been in the service of the city for thirty (30) years if he had not retired on less than thirty (30) years service under Act 556. The fifth question calls the pension mentioned in the next foregoing sentence ‘the pension under Act 929.’ The fifth question is the following:

(5) Assuming that the member electing the 3.50% proviso elects to have the additional payments to the system used to supplement the pension under Act 929, to what extent would

sound actuarial practice and analysis permit the pension under Act 929 to be increased?

"It is declared to be the Legislative policy that in addition to the five questions above stated the Board is to secure actuarial opinions on any other reasonable questions submitted to the Board by the members of the system as regards the extent to which present benefits of the system can be increased, consistently with sound actuarial practice and analysis in favor of a member electing to become subject to the 3.50% proviso."

"(d) Within four months from the effective date of this subsection (d) of this Section 4 the Board of Managers of the system shall transmit to each member of the House of Representatives representing the County wherein the city is located and to each Senator of the Senatorial District wherein the city is located, a copy of the actuarial opinions which subsection (b) of this Section 4 requires said Board to obtain and any other information which the Board considers material on the question of the increase in present benefits which should be made in favor of a member electing to become subject to the 3.50% proviso."

Section 2. Section 6 of Act No. 556 of the Regular Session of the Legislature of Alabama of 1959, approved November 19, 1959, (Ala. Acts 1959, p. 1376), is amended so to read as follows:

"Section 6. Retirement and Relief Fund. (a) For the purpose of the deductions from salary provided for in this Section 6 the salary of a fireman or policeman shall be deemed to be the same as his salary is for the purpose of payroll deductions provided for in Section 9 of Act No. 929, as heretofore or hereafter amended.

"(b) At the end of each payroll period subsequent to the effective date of this Act, the city shall deduct from the salary of each fireman or policeman for such payroll period an amount equal to two and 35/100 per centum (2.35%) of his salary for each such payroll period.

"(c) The city shall promptly pay each and every deduction of salary provided for into a Retirement and Relief Account hereinafter referred to as "The Fund." At the same time the city pays into the fund any deduction from the salary of any employee member, the city shall match such deduction by paying into the fund from its general and other appropriate funds an amount equal to the full amount of such deduction. The City Comptroller is specifically charged with the duty of making such deductions from salaries and of making such payments into the fund. The fund shall include all assets of the fund in any form, and the City Comptroller shall

be ex-officio, the custodian of the fund. The custodian shall keep a separate account of the fund and of all assets and liabilities thereof and of all receipts and disbursements thereof and of all prior service time and paid membership time of employee members. The custodian shall keep all monies of the fund in a separate bank account. The custodian shall keep in force and effect a bond in a penal amount equal to the total amount of monies and securities in his custody or possession, but in no event in excess of ten percent (10%) of the total assets of the fund, payable to the Board and conditioned for faithful performance of the duties and for faithful accounting to the Board for all monies, securities and property coming into his custody or possession as such custodian. Such bond shall be executed by a surety company authorized to do business in the State of Alabama, and the premium on such bond, and all necessary expenses of the Board, shall be paid out of the fund upon order of the Board. All bonds and securities acquired for the fund and which are registerable as to principal shall be registered by the custodian in the name of the system promptly upon acquisition and shall remain so registered until sold or otherwise disposed of by authority of the Board. The Board may select a banking institution located within the territorial jurisdiction of the city as subcustodian of securities, with authority to collect and remit to the custodian principal and interest of securities entrusted to its custody as the same may mature, and pay it such reasonable fees or compensation for its services as the Board may deem proper, and the Board may, if it sees fit, waive bond of such institution as subcustodian so long as the net worth of the subcustodian exceeds one and one-half times the total par value of the securities entrusted to its custody. Securities in the custody of such subcustodian shall not be counted as in the custody of the custodian for the purpose of computing the amount of the custodian's bond. The Board is authorized to accept and receive gifts, donations or legacies for the fund, and to administer same against the fund, the records of the City Comptroller and custodian made and kept for the purpose of this Act shall be deemed prima facie, to speak the truth.

Section 3. Section 8 of Act No. 556 of the Regular Session of the Legislature of Alabama of 1959, approved November 19, 1959 (Ala. Acts, 1959, p. 1376), as heretofore amended, is further amended so as to read as follows:

"Section 8. Supplemental Retirement Allowance. The words, terms and phrases used in this Section 8 shall have the meaning ascribed to them by Act No. 929, unless it appears from the context that a different meaning is intended. No policeman or fireman shall receive the retirement allowance provided for by this Section prior to September 21, 1964; and

no policeman or fireman shall receive the retirement allowance provided for by this Section until Act No. 929 has been amended so as to authorize the Board of Managers of the General Retirement and Relief System provided for by said Act No. 929 to receive from the Board of Managers created by this Act the payments provided for by Section 4 of this Act nor until said Act No. 929 has been amended so as to provide that any fireman or policeman who, regardless of age, has accumulated twenty (20) or more years of creditable time shall be entitled to voluntary retirement from the service and obtain the retirement allowance provided for in Act No. 929, subject, however, to the condition or limitation that payment of the retirement allowance under Act No. 929 shall not commence until the date on which such fireman or policeman would have accumulated thirty (30) years creditable time under Act No. 929 had he continued to remain in the service. After Act No. 929 has been amended as foresaid, any policeman or fireman granted a voluntary retirement allowance under Act No. 929 on less than thirty (30) years creditable service, the payment of which allowance shall commence when he would have had thirty (30) years creditable time had he not retired, shall receive from the fund of the System created by this Act a monthly retirement allowance each month between the date on which he retires from service and the date on which he would have accumulated thirty (30) years creditable time had he not retired, which monthly retirement allowance shall be in an amount equal to fifty percent (50%) of his final average salary at the time of his retirement, plus one-half of one percentum ($1\frac{1}{2}$ of 1%) of his final average salary multiplied by the number of years of his creditable time in excess of twenty (20) years of his creditable time. The payment of the retirement allowance provided for hereby shall cease on the date on which such fireman or policeman would have accumulated thirty (30) years creditable time in the General Retirement Relief System, created by Act No. 929, had he continued to serve from the date of his retirement.

Section 4. Section 9 of Act No. 556 of the Regular Session of the Legislature of Alabama of 1959, approved November 19, 1959 (Ala. Acts, 1959, p. 1376) as heretofore amended, is further amended so to read as follows:

“Section 9. Death Benefit for Widows and Children. The words, terms and phrases used in this Section 9 shall have the meaning ascribed to them by Act No. 929, unless it appears from the context that a different meaning is intended. This Section shall not apply to any fireman or policeman unless such fireman or policeman, as the case may be, within the time hereinafter specified, designates the Board of Managers of

the Supplemental Pension System to receive the return of contributions made by him to the General Retirement and Relief System, created by Act No. 929. Any fireman or policeman employed by the city on the date this act becomes operative as to the city shall make such designation within sixty days from said date; and any fireman or policeman entering the service of the city subsequent to the date on which this act becomes operative as to the city shall make such designation within thirty days from the date on which he enters the employ of the city as a fireman or policeman. This Section shall not apply as to any such fireman or policeman who after having designated the Board of Managers of the Supplementary Pension System, as aforesaid, changes the designation. This Section shall not be construed to provide any benefit for any widow or child of any deceased fireman or policeman under Act No. 929, whether such benefits be based on death in line of duty or on the fact that prior to the death of the fireman or policeman, as the case may be, he had accumulated sufficient creditable time to entitle him to receive a retirement allowance, it being the intention of this Section to provide benefits for widows and children of firemen and policemen, to the extent herein specified where such widows and children are not entitled to receive any benefits under said Act No. 929.

This Section shall not apply to any fireman or policeman, or to the widow or children of any such fireman or policeman unless such fireman or policeman, as the case may be, has accumulated five (5) or more years of creditable time at the date of his death. All of the provisions of this Section hereinafter set forth shall be subject to all of the conditions and limitations hereinabove set forth in this Section. If any fireman or policeman having five (5) or more years creditable time shall die, his widow, if any, without regard to the time during which the marriage existed, shall be entitled to a monthly allowance of forty per centum (40%) of the final average salary of such deceased member, plus a monthly allowance of Ten Dollars (\$10.00) per month for each child of such widow by such deceased member until such child shall marry, die or reach the age of eighteen (18) years, whichever may first occur. In the event such deceased member leaves no widow surviving or in the event of the death of his widow, the allowance provided hereby for any child of such deceased member shall be payable to the legal guardian or to the person who has legal custody of said child for the use and benefit of said child. The total amount of monthly allowance payable under this Section to the widow and child or children of the deceased member shall in no event exceed fifty per centum (50%) of the final average salary of such deceased member. In the event there is more than one child of such deceased member en-

titled to an allowance under this Section, the widow, if any, shall nevertheless receive forty per centum (40%) of the deceased member's salary, as provided hereinabove; and the allowances for the children, so long as there are a widow and more than one child receiving an allowance hereunder, shall be reduced equally so that in no event shall the total allowances paid under this Section exceed fifty per centum (50%) of the final average salary of such deceased member."

Section 5. This Act shall become effective immediately upon its approval by the Governor or upon its otherwise becoming a law.

Approved September 18, 1973.

S. 585—Harris

AN ACT

Amending Section 77 of Title 41, Alabama Code, 1940, requiring the execution of bonds by a tax collector, so as to provide a formula for determining the amount of the bond.

Be It Enacted by the Legislature of Alabama:

Section 1. Section 77 of Title 41 Alabama, Code, 1940, is amended to read as follows:

"Section 77. Tax Collector—Before assuming office the tax collector must execute a bond in duplicate with a surety company authorized to do business in Alabama, payable to the State of Alabama, in an amount to be determined for every county by the comptroller. The amount of the bond for each tax collector will be set at the beginning of his elected or appointed term, for the duration of such term. A new bond for an additional amount may be required whenever, in the judgment of the comptroller, the public welfare demands such action. The amount of the bond will be determined by the use of the following table based on a percentage of the total annual taxes collected as recorded in the latest audit report for each office published at least four months prior to the date the bond is required to be filed:

TABLE FOR COMPUTING AMOUNT OF TAX
COLLECTOR'S BOND

Over	But Not Over	Amount of Bond	Of Excess Over
Zero	\$ 250,000	\$25,000	
\$ 250,000	\$1,000,000	\$25,000 + 5%	\$ 250,000
\$1,000,000		\$62,500 + 1%	\$1,000,000

Such bond to be approved by the comptroller, conditioned faithfully to discharge the duties of his office, which are or may be required of him by law during the time he continues therein or discharges any of the duties thereof. The bond, in duplicate, shall be sent to the office of the comptroller on or before the first day of September, next after his election, or if appointed, prior to the date that he is to assume the duties of the office, for the comptroller's approval. One copy to be retained and filed in the comptroller's office and one copy to be returned to the office of the probate judge to be filed and recorded in his office. The cost of the bond required herein shall be paid out of the general fund of the county on a warrant of the court of county commissioners, or court of like jurisdiction, and same shall be a preferred claim against the county."

AN ACT

To amend further Code of Alabama 1940, Title 51, Section 17, as last amended by the state-wide property tax classification act (Act No. 166, H. 57, 1971 Third Special Session), so as to raise the ratio of assessed value to fair and reasonable market value of property in certain counties and to lower such ratio in other counties.

Section 1. Code of Alabama 1940, Title 51, Section 17, as amended, is hereby further amended to read as follows:

"Section 17. 1. With respect to ad valorem taxes levied by the state, and, unless otherwise provided with respect to ad valorem taxes levied by a county, municipality or other taxing authority other than the State all taxable property shall be divided into the following classes and no other and shall be assessed for ad valorem tax purposes at the following ratios of assessed value to the fair and reasonable market value of such property:

"(d) 'all property not otherwise classified' shall include all real and personal property which does not fall within one or both Classes I and III.

Act No. 1238

H.J.R. 265—Lyons

HOUSE JOINT RESOLUTION

WHEREAS, Capital gains tax treatment of timber under the Internal Revenue Code has been the major factor responsible for the vast progress in Alabama and the nation in forest management and the growth of forest resources during the past half century; and

WHEREAS, the substantial elimination of capital gains treatment for the owners of forest lands would constitute the most severe setback in this generation to the growth of forest products; and

WHEREAS, increased consumer demand for wood and paper products, pressures on outdoor recreation resources, and the environmental benefits of timber growth and utilization have all focused greater attention on renewable forest lands, both public and private, to the extent that our nation has seen a reversal of earlier trends of the past thirty years whereby the harvest of forest resources was exceeding the regeneration; and

WHEREAS, the jobs of thousands of employees and many hundreds of communities are affected by the forest industries of Alabama and would be jeopardized by the elimination of capital gains treatment of timber.

NOW, THEREFORE, BE IT RESOLVED BY THE ALABAMA HOUSE OF REPRESENTATIVES, THE ALABAMA STATE SENATE CONCURRING THEREIN, That we do hereby resolve to memorialize Congress to preserve the current taxation method of applying capital gains upon the disposition of forestry products.

BE IT FURTHER RESOLVED, That copies of this Resolution be sent to all members of the Alabama Congressional Delegation, and to the Chairman of the Ways & Means Committee of the U. S. House of Representatives.

HOUSE JOINT RESOLUTION

REQUIRING CERTAIN DUTIES OF THE STATE PERSONNEL BOARD RESPECTING THE CLASSIFICATION OF POSITIONS FOR EMERGENCY MEDICAL SERVICES AND THE ESTABLISHMENT OF RATES OF PAY

WHEREAS, the health of the people of the State of Alabama is of paramount importance, and the provision for more adequate and efficient emergency medical services personnel is of dire and vital import; and

BE IT RESOLVED BY THE LEGISLATURE OF ALABAMA, BOTH HOUSES THEREOF CONCURRING, That the state personnel board shall provide for the establishment within the state merit system of new job descriptions defining the duties of emergency medical personnel and prescribing requirements for qualifying for such positions. Within 30 days after the effective date of this resolution, the said board is hereby directed to make surveys of the other states within the Southeastern region to determine prevailing rates of pay for comparable emergency medical service positions as such positions are classified under this state's merit system law. Within 60 days after the effective date of this resolution, the said board shall set and maintain rates of pay for emergency medical service positions as such positions are respectively classified, at no less than the median of the prevailing rates for such positions in the Southeastern region. The state personnel board is also directed to update rates of pay biennially for emergency medical service positions in the same manner as such rates are originally established in order to attract and retain competent personnel.

Section 1. Board of Managers.

The System shall be administered by a Board of Managers consisting of five (5) members as follows:

- (1) The Mayor of the City, who shall serve as Chairman;
- (2) A member appointed by the Personnel Board of the City;
- (3) A Participant in the System who shall be elected by the Participants in the System;
- (4) A member appointed by the Mayor;

(5) A person who is not a Participant in the System who shall be elected by the Participants in the System.

Section 2. Method of Selection and Term of Appointment of Board Members.

The members of the Board of Managers, other than the Mayor who shall always serve as Chairman, shall be selected and shall serve for the term as hereafter set forth.

(1) The member appointed by the Personnel Board shall be a bona fide resident and qualified voter of the City and shall serve a four (4) year term. Should said appointed member die, resign or otherwise be unable to serve, the vacancy thus created shall be filled by the Personnel Board for the unexpired term.

(2) The first of the two members elected by the Participants in the System shall himself be a Participant in the System and shall be a bona fide resident and qualified voter of the City. In order to assure representation of all Participants in the System, if the person first elected is a member of the Fire Department or Police Department, the Participant elected to fill the next term shall be a Participant who is not an employee of the Fire Department or Police Department. Similarly, if the first member thus elected should not be an employee of the Fire Department or Police Department, the Participant elected to fill the next term shall be a Participant who is an employee of the Fire Department or Police Department. Thereafter this member shall alternate between the two groups (i.e., Fire Department or Police Department and other than the Fire Department or Police Department). In the event the Participant thus elected shall die, resign or otherwise be unable to serve, the Participant elected to fill the unexpired term shall be from the same group as was the Participant whose term as a member of the Board of Managers was vacated.

This Participant-member of the Board shall be elected by secret ballot to serve a term of four (4) years commencing on the day the result of the election is declared. The Council shall have the authority to prescribe and to change rules and regulations concerning the election of said Participant-member provided that the rules and regulations as prescribed or changed are not inconsistent with this Act.

(3) The member appointed by the Mayor shall have more than ten (10) years' experience in an executive capacity in insurance, actuarial, investment or banking work, shall be a bona fide resident and qualified voter of the County and shall serve for a four (4) year term.

(4) The second member elected by the Participants in the System shall not be a Participant in this System, shall have more than ten (10) years' experience in an executive capacity in insurance, actuarial, investment or banking work and shall be a bona fide resident and qualified voter of the County.

This non-Participant member of Board shall be elected by secret ballot to serve a term of four (4) years. The election shall be called

by the Council after thirty (30) days' notice. Nominations of persons to fill this position shall be made in writing by Participants in this System and shall be filed with the Council and the City Clerk of the City no less than ten (10) days prior to the date of the election.

In the event of a vacancy occurring during a term of this member of the Board of Managers, a replacement shall be elected by Participants in this System in the same manner as that set forth in this sub-section (4).

Section 3. Meetings of the Board of Managers.

The Board of Managers shall meet on the second Wednesday in each calendar month in the office of the Chairman or such other place as the Board may designate; provided, however, that the Board shall not be required to meet unless there is pending before the Board an application for a pension, relief or benefit or unless there is pending some other matter of consideration by the Board. The Board of Managers by virtue of a resolution adopted by it may change the regular meeting from Wednesday to such other date as may be most convenient to the Board.

Section 4. Special Meetings of the Board of Managers.

Any three Board members, after due notice having been given to all members of the Board, may meet in special meeting and transact any business of the Board; provided, however, the Secretary must be present and record the proceedings of the special meeting as hereinafter provided.

The Personnel Director shall be Secretary of the Board and shall be present at every meeting of the Board and keep a record of all proceedings of the Board and of all orders and decisions of the Board.

Section 7. Compensation of Members of the Board.

The member of the Board of Managers appointed by the Personnel Board, the member of the Board of Managers appointed by the Mayor and the non-participant member of the Board of Managers elected by the Participants in the System shall receive Ten Dollars (\$10) for each meeting attended but in no event shall receive more than Twenty Dollars (\$20) for all meetings attended in any one calendar month. No other member of the Board nor the Secretary shall receive any compensation whatever for so serving.

Section 8. Powers and Duties of the Board.

The Board shall have such powers as are necessary for the proper administration of the System including, but not limited to, the following:

(1) To prescribe procedures to be followed by Participants, and their beneficiaries, in filing applications for benefits and for the furnishing for evidence necessary to establish employees' rights to such benefits;

(2) To make determinations as to the rights of any Participant or their beneficiaries applying for or receiving benefits, and to afford any such individual dissatisfied with any such determination the right of a hearing thereon;

(3) To develop procedures for the establishment of Credited Service of Participants, and, after affording Participants an opportunity to make objection with respect thereto, to establish such service conclusively in advance of retirement;

(4) To retain and pay from the fund for the services of a consultant and actuary.

(5) To receive and pay from the fund for periodic (not more often than once a year) actuarial valuations of the Plan;

(6) To retain and pay for from the fund the services of an investment advisor.

(7) To retain and pay for from the fund the services of an accountant or auditor.

(8) To obtain from the City the Plan consultants and actuaries, if any, and from the Participants such information as shall be necessary for the proper administration of the Plan and pay from the fund any reasonable expense incurred in connection therewith;

(9) To retain and pay for from the fund the services of such additional professional counsel as the Board may deem necessary for the proper management and administration of the System.

Any member of the Board may serve beyond his term until a successor is appointed or elected. Any member of the Board may be removed by impeachment for corruption, malfeasance in office, or for habitual neglect of duty.

Section 9. The Fund and its Investment.

(a) The fund shall include all assets of the fund in any form, and the city comptroller shall be, ex officio, the custodian of the fund. The custodian shall keep a separate account of the fund and of all assets and liabilities thereof and of all receipts and disbursements thereof and of all prior service time and paid membership time of employee members. The custodian shall keep all monies of the fund in a separate bank account. The custodian shall keep in force and effect

a bond in a penal amount equal to the total amount of monies and securities in his custody or possession, but in no event in excess of fifty thousand dollars (\$50,000), payable to the Board and conditioned for faithful performance of his duties and for faithful accounting to the Board for all monies, securities and property coming into his custody or possession as such custodian. Such bond shall be executed by a surety company authorized to do business in the State of Alabama, and the premium on such bond, and all necessary expenses of the Board, shall be paid out of the fund upon order of the Board. All bonds and securities acquired for the fund and which are registerable as to principal shall be registered by the custodian in the name of the system promptly upon acquisition and shall remain so registered until sold or otherwise disposed of by authority of the Board. The Board shall select a banking institution located within the territorial jurisdiction of the city as subcustodian of securities, with authority to collect and remit to the custodian principal and interest of securities entrusted to its custody as the same may mature, and pay it such reasonable fees or compensation for its services as the Board may deem proper, and the Board may, if it sees fit, waive bond of such institution as subcustodian so long as the net worth of the subcustodian exceeds one and one-half times the total par value of the securities entrusted to its custody. Securities in the custody of such subcustodian shall not be counted as in the custody of the custodian for the purpose of computing the amount of the custodian's bond. The Board is authorized to accept and receive gifts, donations, or legacies for the fund, and to administer same as may be directed by the donors. In the adjudication of claims against the fund, the records of the city comptroller and custodian made and kept for the purpose of this act shall be deemed *prima facie*, to speak the truth.

(b) The Board of Managers shall have the sole and absolute discretion, if they deem it advisable to invest, reinvest and have invested and reinvested all funds of the System, real and personal subject to the limitations herein provided. The Board is authorized to borrow money up to the par value of the securities of the fund and to pledge such securities for repayment of the money borrowed. No money of the fund shall be invested, paid out or disbursed except pursuant to order or authorization of the Board. The Board shall be trustee, and have entire management and control of the fund, and shall direct investment of monies of the fund not needed to meet disbursements provided for in this Act in the loans to members hereinabove referred to and in bonds of the United States Government, or general obligation bonds of the State of Alabama, or general obligation bonds of any municipality or county of the State of Alabama, or in Federal Savings and Loan Associations, or in other corporations having Federal Savings and Loan Association's guarantee, or in bonds or common or preferred stock or corporations organized under Federal laws or the laws of any State of the United States, or may invest in certificates of deposit or bonds issued by banks organized under Federal laws or under laws of the State of Alabama; provided, however, that not more

than ten thousand dollars shall be invested in any one Federal Savings and Loan Association; or in any one corporation having Federal Savings and Loan Association's guarantee; and provided, further, that no funds shall be invested in bonds or common or preferred stock of private corporations unless such bonds or common or preferred stock are listed upon Exchanges subject to the jurisdiction of the Securities and Exchange Commission and the aggregate value of the funds invested in such bonds and stocks of corporations last referred to above shall not exceed fifty per cent (50%) of all the funds available in the system for investments, nor shall the total investment in common or preferred stocks of such corporations exceed twenty-five per cent (25%) of all the funds available in the system for investments.

Section 10. Legislative Reports.

In addition to periodic actuarial valuations of the Fund which the Board may from time to time require, the Board shall, prior to the first day of March of every uneven year, transmit to each member of the Alabama House of Representatives representing the County or any part thereof, and to each member of the Alabama Senate from every Senatorial District within the County or partly within the County an actuarial analysis of the System as of the end of the City's fiscal year immediately preceding said report specifically answering the following questions:

(1) Are the contributions to the Fund sufficient to pay the benefits provided herein? If not, what additional contributions are necessary?

(2) Are the benefits provided herein sufficient in amount to consume the contributions required herein, or are they as large as to render the Fund insolvent; and in the event of the finding of either contingency, what adjustments should be made?

(3) What provision should be made either in contributions by employees or by the City to render the Fund solvent with respect to allowances made for prior service?

In addition to the foregoing, the Board of Managers shall transmit to said Representatives and Senators the following:

(1) A draft of such laws as the Board deems necessary to keep or make the Fund actuarially solvent, and of such laws as the Board believes would improve the Pension System; and

(2) A recital of the reasons for the recommendations of the proposed laws; detailed and specific recommendations as to what benefits should be reduced, or what additional contributions should be made, to the end that the Fund will be solvent, safe and sound for the protection of the employees covered thereby.

Section 11. Appeal of Decisions of the Board.

Any decision of the Board denying a benefit claimed may be subject to review by the Circuit Court, in the manner and subject to the

limitations, herein provided. An employee may secure a review of such decision of the Board by mandamus proceedings in the Circuit Court, which he shall institute in said Court by filing therein a petition for mandamus. Said petition may designate the Board as respondent or the members thereof as respondents. Each respondent shall be served with process, unless such respondent or his or its attorney accepts service.

The petition for mandamus shall be barred if it is not filed within ninety (90) days from the date whereon the Board of Managers makes its final decision on the benefit claimed, provided written notice of such final decision of the Board shall be given by certified or registered mail, postage prepaid, and properly addressed, to the claimant or his attorney within ten (10) days after such final decision of the Board. If timely notice shall not be given as provided in the last preceding sentence, claimant shall not be barred from filing mandamus until the expiration of eighty (80) days from the mailing of notice as above provided; but in no event anything therein to the contrary notwithstanding shall said mandamus be filed after one year from the date of such final decision of the Board; provided further that no such final decision made by the said Board prior to January 1, 1969, shall be subject to review by mandamus or otherwise unless permitted by the law in effect at the time such decision was made and then only in the manner permitted by said law in effect on said date; provided further that any such final decision made by the Board after January 1, 1969, and prior to the effective date of this Act shall be governed by the eighty (80) day clause of the last preceding sentence, but in such case such mandamus proceeding shall not be filed after one year from the effective date of this Act.

In the proceedings in the Circuit Court any evidence relevant on any issue involved in the review shall be admissible, subject to the ordinary rules of evidence.

If the submission in the mandamus proceedings is solely upon the proceedings before the Board, the decision of the Board upon all matters of fact shall be final and conclusive, unless it affirmatively appears that its decision is plainly and manifestly wrong.

If in the Circuit Court evidence is received, in addition to that considered by the Board, the decision of the Board upon all matters of fact shall, nevertheless, be final and conclusive, except to the extent limited by the next following sentence. If the Circuit Court after hearing all the evidence offered determines that had the decision rendered by the Board been rendered after hearing such evidence that such decision would not have been manifestly wrong, then the Circuit Court shall sustain the decision of the Board, and if the Circuit Court, after considering all the evidence, determines that the decision rendered by the Board would have been manifestly wrong had such decision been rendered after considering all the evidence considered by the Circuit Court, then in that event the Circuit Court shall render the decision

which that Court concludes should be rendered on all the evidence considered by that Court. The provision of Section 8 of ARTICLE VI prohibiting a resolution of the Board allowing an extraordinary disability benefit unless such resolution be passed within twelve (12) months after the accident resulting in disability shall not be construed to prohibit the Circuit Court in a mandamus proceeding from rendering a judgment in favor of the claimant for extraordinary benefits even where the Circuit Court shall direct the Board to adopt a resolution in favor of the claimant in compliance with such judgment of the Circuit Court.

Section 12. Repeal and Amendment Reservation.

The Legislature reserves the power to amend, alter or repeal this act, provided, however, that if any person who may be entitled to voluntarily retire and obtain a retirement allowance under this act shall so voluntarily retire before exercise of said reserved power he shall have a contractual lien upon the Fund for each and every amount to which he may be or become entitled in accordance with the terms of the law existing at the time of such voluntary retirement, and provided, further, that if any employee member becomes totally disabled before exercise of said reserved power, he shall have a contractual lien upon the Fund for each and every amount to which he may be or become entitled in accordance with the terms of the law existing at the time of commencement of such disability.

ARTICLE IV

Section 1. General Rule—Classified Service.

Each Qualified Employee of the City who is in the classified service including each Qualified Employee in the classified service of the police and fire departments shall be a Participant in the System, except as provided in Section 2 of this Article.

Section 2. Exception to General Rule—Classified Service.

Anything herein to the contrary notwithstanding, no member of the pension system provided by the following legislation, if such legislation is applicable to the City, shall be a member of the system:

Each Qualified Employee of the City who is in the unclassified service shall be eligible to participate in the System provided he shall elect in writing to so participate within fifteen (15) days of his first becoming a Qualified Employee in the unclassified service.

Section 4. Withdrawal from System—Classified Service.

A Participant in the System who is in the classified service shall continue to be a Participant without the right of withdrawal so long as he shall continue in the classified service. However, should such Participant cease to be in the classified service, but be employed in the unclassified service, he shall have the right to, but shall not be required to, withdraw from the System by filing an election thereof in writing with the City Comptroller. In such event he shall be entitled to a refund of contributions as provided in Section 16 of ARTICLE VI hereof and shall lose all previously established pension credit under the system.

Section 5. Withdrawal from System—Unclassified Service.

A Participant in the System who is in the unclassified service shall have the right to withdraw from the System while remaining in the service by filing a written application for withdrawal with the City Comptroller. In such event, he shall be entitled to a refund from the System of an amount equal to the total of his contributions to the System less any and all benefits received from the System, and said former Participant shall lose all previously established pension credit under the System and shall thereafter be ineligible to participate in the System while continuing in the unclassified service.

Section 6. Transfer from Unclassified to Classified.

A Participant transferring from the unclassified service to the classified service shall lose the right of withdrawal as provided for Participants in the unclassified service as set forth in Section 5 of this ARTICLE IV and shall continue as a Participant in the System as though his total credited service under the System had been as a classified employee. In the event that a Qualified Employee in the unclassified service who is not a Participant in the System shall transfer to the classified service, he shall not receive any pension credit for service subsequent to the Effective Date and prior to the date he became a Participant by virtue of his transferring to the classified service.

Section 7. Transfer of Member of Policemen's and Firemen's Pension and Relief Plan.

In the event of the transfer of a member of any of the Pension plans referred to in Section 2 of this Article IV to a department of the

City other than the Police or Fire Department, he shall become a Participant in the System, his credited service under said predecessor plan shall be counted as credited service under the System, and his contributions to said Plan subsequent to the Effective Date, plus the City's contributions thereto in his behalf, and shall be transferred to the fund of the System.

Section 8. Re-Employment.

In the event a Participant should cease to be a Participant hereunder, should elect a return of his contributions as provided in Section 16 of ARTICLE VI hereof and should be thereafter again become a Participant hereunder, he shall have the right to elect to have his previously credited service reinstated. Should he so elect, he shall be liable to the Fund for the amount of the contributions previously refunded to him and the City Comptroller shall deduct said liability from his salary in twenty (20) monthly installments of an approximately equal amount including interest from the date of such refund of contributions at such rate as the Board may from time to time determine. Alternatively, the City Comptroller shall be authorized to set such monthly installments, including interest as herein specified, over such lesser number of months as will provide for monthly installments of no less than Ten Dollars (\$10.00).

ARTICLE V

PARTICIPANTS' AND CITY'S CONTRIBUTIONS

Section 1. Participants' Contributions.

Each Participant shall contribute to the cost of the System, and the City shall deduct from his salary an amount equal to seven percent (7%) of his actual monthly salary and said deductions by the City shall immediately be paid into the Fund. Should the City through error, inadvertence or otherwise, neglect to make proper deduction from the fund from the salary of any employee member for any payroll period the employee member shall be liable to the fund for the amount or amounts that should have been deducted and shall pay said amount to the custodian on demand.

Section 2. City's Contributions.

At the same time the deductions attributable to Participants' contributions are paid into the Fund, the City shall pay into the Fund from its general or otherwise appropriate funds its Current Service Cost and its Past Service Cost to be determined as of the date of the commencement of each fiscal year of City as follows:

- a. The actuaries shall determine the Normal Cost of the benefits provided by the System;
- b. From the Normal Cost shall be subtracted the value of the Participants' contributions in the previous Fiscal Year;

c. The remainder thus arrived at shall be divided by the total covered payroll of all Participants as of the first day of the Fiscal Year, the resultant percentage shall be called the "Current Service Percentage" and the Current Service Percentage shall be multiplied by the total covered payroll of all Participants at the end of each Payroll Period to determine the City's "Current Service Cost" for the Payroll Period;

d. The actuaries shall determine the single sum of unfunded Accrued Liability and shall amortize it from that date over a period of thirty (30) years.

e. The unfunded Accrued Liability as amortized over thirty (30) years shall be divided by total covered payroll of all Participants, the resultant percentage shall be called the "Past Service Percentage" and the Past Service Percentage shall be multiplied by the total covered payroll of all Participants at the end of each Payroll Period to determine the City's "Past Service Cost" for the Payroll Period.

Section 3. Contributions Previously Required.

Anything herein to the contrary notwithstanding, contributions of Participant and the City in effect immediately prior to the adoption of this amendatory Act shall continue to be deducted and paid into the Fund until such time as the percentages provided for in Section 2 of this Article V are determined as there required.

Section 4. New Participants—Credit for Service with County or Other Municipality.

In the event a Qualified Employee becoming a Participant herein on or after September 1, 1969 shall have prior thereto been employed by the County under the provisions of a merit system applicable to the County or any municipality in the County under the provision of the merit system applicable to such municipality, he may receive credit for said prior service by paying to the City Comptroller within sixty (60) days after becoming a Participant an amount to be determined as follows:

a. There shall first be determined the salary paid said Participant each month by the County or such municipality;

b. There shall then be computed the contribution which would have been deducted had such salary been paid by the City, said contribution and deduction being determined in accordance with the provisions of this Act on the date he became a Participant in the System;

c. There shall then be determined the total of interest at the rate of four per cent (4%) per annum on the deductions which would have been made from the date they would have been made had such salary been paid by the City to the date he became a Participant in the System, and

d. The total of the deductions which would have been made plus interest at the rate of four per cent (4%) per annum as both are determined in this Section 4, shall be the amount payable.

Section 5. Retirees of Firemen's and Policemen's Supplemental Pension System.

In the event of the retirement of a Policeman or a Fireman from a Supplemental Pension System, as established by Act No. 556 of the Legislature of Alabama of 1959, with twenty (20) or more but less than thirty (30) years of credited service under said System, this System shall receive from said Supplemental Pension System the monthly payments required to be paid from said System to this System from said policeman's or fireman's retirement date thereunder until the date he would have been entitled to retire under this system with thirty (30) years of credited service had he continued to serve without retiring and without interruption as a Participant in this System. The City shall then match said contributions from its general fund or other appropriate funds making said matching contributions to the Fund within thirty (30) days from the date of receipt of those funds which are to be matched.

Section 6. Refund of Erroneous Contributions.

In the event contributions shall have been deducted from an employee who is not a Participant herein and shall have been paid into the Fund, said deductions shall be refunded to said employee. Similarly, any contributions made to the Fund by the City on behalf of said non-participating employee shall be refunded to the City.

ARTICLE VI

Section 1. Normal Retirement Benefit.

A Participant, having attained age sixty (60) or older and having completed fifteen (15) or more years of credited service, or having completed thirty (30) or more years of credited service without regard to age, shall be entitled upon his voluntary retirement to a monthly retirement benefit equal to one of the following:

Subject to the provisions of Section 19 of this ARTICLE VI, the amount of any retirement benefit provided under the provisions of this section which may have commenced to accrue in accordance with the provisions of the System shall continue to accrue throughout the life of the Retiree.

Section 2. Maximum Normal Retirement Benefit.

The maximum Normal Retirement Benefit payable under the preceding Section 1 shall be sixty percent (60%) of Final Average Salary.

Section 3. Participants With Less than Fifteen Years Service.

In the event a Participant with ten (10) or more but fewer than fifteen (15) years of credited service shall be terminated as a Qualified Employee subsequent to January 1, 1967 due to his having attained the age at which termination of his service as a Qualified Employee is mandatory under any law now or hereafter in effect, he shall be entitled to a monthly retirement benefit equal to two percent (2%) of his Final Average Salary multiplied by his years of credited service.

Section 4. Participants With More than Thirty Years of Service.

Anything herein to the contrary notwithstanding, should a Participant retire hereunder with more than thirty (30) years of credited service, he shall be entitled to an additional monthly benefit equal to two percent (2%) of his Final Average Salary multiplied by his years of Credited Service which are in excess of thirty (30) but in no case to exceed seventy percent (70%) of his Final Average Salary.

Section 5. Participants Retiring under the Firemen's and Policemen's Supplemental Pension System.

With respect to Participants who shall belong to and retire under the Supplemental Pension System established by Act No. 556 of the Legislature of Alabama after having accumulated twenty (20) or more years of credited service thereunder but prior to his having accumulated thirty (30) years of credited service hereunder, benefits payable hereunder shall commence on the date on which he would have accumulated thirty (30) years of credited service hereunder had he not retired but rather had continued in his employment with the City, without interruption, as a fireman or policeman. The annual benefit thereupon payable herefrom shall be an amount equal to that which would have been payable under Section 1 of this Article VI had he not retired but rather had continued in his employment with the City, without interruption, as a fireman or policeman, provided, however, that for the purpose of computing said benefits, Final Average Salary shall be computed as of his actual retirement date from the service.

Section 6. Involuntary Retirement.

In the event a Participant shall be involuntarily retired after having completed twenty (20) or more years of credited service, he shall

be entitled to a monthly retirement benefit equal to two percent (2%) of his Final Average Salary, multiplied by his years of credited service provided however, that should said Participant be involuntarily retired prior to attaining age sixty (60), his entitlement to said monthly retirement benefit, at his retirement date, shall additionally require that within sixty (60) days of said involuntary retirement the agency governing tenure of service of City employees certify in writing to the Board that such employee has not contributed by his own fault or misconduct to said separation from service. Should such certification not be made within the prescribed time, the monthly retirement benefit thus determined shall commence upon his attainment of age sixty (60). However, should he, prior to attaining age sixty (60) and prior to the commencement of his benefits, withdraw his own contributions to the System, he shall forfeit his right to said monthly retirement benefits.

Anything herein to the contrary notwithstanding, said monthly retirement benefit shall neither commence nor be payable during any period when such involuntarily retired participant shall refuse or fail to accept employment by the City at a rate of compensation equal to that he was receiving at the time he was involuntarily retired or separated.

Section 7. Ordinary Disability Allowance.

In the event a Participant shall, after having accrued five (5) or more years of credited service, become totally disabled to perform his customary duties as an employee of the City and not be entitled to an extraordinary disability allowance, he shall in such event be entitled to a monthly ordinary disability allowance equal to two percent (2%) of his Final Average Salary multiplied by his years of credited service at the date of his disability.

Benefits payable hereunder shall commence upon the cessation of said disabled Participant's drawing a salary from the City and shall continue until such time as said Participant is no longer totally disabled to perform his said customary duties or substantially comparable duties.

The maximum ordinary disability allowance payable hereunder shall be two percent (2%) of Final Average Salary not to exceed sixty percent (60%) of Final Average Salary.

Anything herein to the contrary notwithstanding, an ordinary disability allowance shall be computed and paid throughout the continuance of such disability as provided and at the rate prescribed by the law in effect at the time of the commencement of such disability. If any disability beneficiary should become separated from the service and withdraw his contributions his right to continuance of disability benefits shall immediately cease.

Section 8. Extraordinary Disability Allowance.

In the event a Participant shall become totally disabled to perform his customary duties by reason of personal injury received as a result

of an accident arising out of and in the course of the employment in the Service and occurring at a definite time and place, then in the event such total disability shall continue until the Participant ceases to draw salary as an employee of the City such disabled Participant shall be entitled to a monthly allowance from the Fund equal to seventy per cent (70%) of his monthly salary at the time of the accident which resulted in such total disability.

Benefits payable hereunder shall commence upon the cessation of said disabled Participant's drawing a salary from the City and shall continue until such time as such Participant is no longer disabled by such injury to perform his customary duties or substantially comparable duties. If, however, such disabled Participant should, during the continuation of such disability, be separated from the service of the City and should said disability cease to exist, the Board may, in its discretion, continue him on the disability rolls until such time as in the judgment of the Board he is able to find suitable employment at a rate of pay equal or in excess of his disability allowance.

Application for an extraordinary disability allowance must be made within twelve months after the accident resulting in such disability and if granted shall be granted within twelve months after the accident resulting in such disability. Applications received thereafter shall not be considered and no extraordinary disability allowance shall be awarded with respect thereto.

Anything herein to the contrary notwithstanding, an extraordinary disability allowance heretofore or hereafter granted shall be computed and paid throughout the continuance of such disability as provided and at the rate prescribed by the law in effect at the time of the commencement of such disability. If any extraordinary disability beneficiary should become separated from the Service and withdraw his contributions his right to continuance of disability benefits shall immediately cease.

Section 9. Determination of Disability.

In order for disability allowances to be awarded under Section 7 or Section 8 of the ARTICLE VI, the Board must first have satisfactory proof thereof by certification of such disability of the Participant applying for disability allowance, said certification being made by a licensed and practicing physician or surgeon. Additionally, the Board shall have the power to require further certifications of such disability by other practicing physicians and surgeons and shall have the power to require such additional proof of total disability as in its judgment it may deem necessary.

During the continuation of disability, the Board may from time to time require further certification of disability by one or more licensed and practicing physician or surgeon selected by the Board and may require such additional proof of the continuation of said disability as it deems appropriate.

With respect to extraordinary disability allowances, hypertension, heart disease or respiratory disease shall not be considered as caused by accident so as to entitle a Participant to an extraordinary disability allowance, nor shall any Participant or any other person claiming under or by reason of relationship to a Participant be entitled to an extraordinary disability allowance as a result of disability caused by hypertension, heart disease or respiratory disease, any other law, general or local, to the contrary notwithstanding. Should a former Participant who has been awarded a Disability Allowance under Section 7 or Section 8 of this ARTICLE VI resume his active duty as an employee of the City, it shall be conclusive evidence of the termination of such total disability for the purpose of the System, and any subsequent cessation of his active duty on account of disability, whether by reason of the same or a different cause, shall be treated as a new disability. However, should a Participant who shall have been awarded an extraordinary disability allowance under Section 8 hereof or is a claimant or prospective claimant therefore resume his active duty as an employee for a period not exceeding a total of one hundred eighty (180) days last ending no later than twelve (12) months following the date of the accident which gave rise to the disability for which he was awarded an extraordinary disability allowance, such resumption of active duty as an employee of the City shall not be deemed to be conclusive evidence of termination of such disability; provided, however, any provision hereof to the contrary notwithstanding, no extraordinary disability allowance shall be allowed unless granted within twelve months after the accident resulting in such disability.

In no event shall disability allowances as provided under Section 7 or Section 8 of this ARTICLE VI be payable with respect to any period of time during which the recipient of such allowances shall be actively employed by the City, shall be due or shall have been paid any salary from or by the City.

Section 10. Survivor's Benefit.

In the event of the death of a Retiree or Participant who, on the date of his death was eligible for voluntary retirement under Section 1 of this ARTICLE VI, there may be payable a monthly Survivor's Benefit equal to forty-five percent (45%) of the monthly retirement benefit which said Retiree was receiving or was entitled to receive prior to his death or which said Participant would have been entitled to receive had he retired under Section 1 of this ARTICLE VI on the day preceding his death.

Section 11. Eligibility for Survivor's Benefit.

The surviving spouse of the deceased Retiree or Participant described in Section 10 of this ARTICLE VI shall be eligible to receive a Survivor's Benefit if they continued to be legally married on the date of the death of said deceased Retiree or Participant and if said spouse were married to said deceased Retiree or Participant for

at least five (5) consecutive years during which said deceased Retiree or Participant was employed in the service of the City. Further, said surviving spouse shall continue to be eligible to receive said monthly Survivor's Benefit until she shall die or remarry, whichever shall first occur.

In the event said deceased Retiree or Participant should not be survived by his spouse or in the event the spouse should fail to qualify hereunder, a Survivor's Benefit shall be payable to the child or children of said deceased Retiree or Participant, provided, however, that no Survivor's Benefit shall be payable to such child if married or if over age (18).

Section 12. Service Connected Death Benefit.

Should a Participant be killed in the line of his duty, there may be payable to his spouse and child or children a Service Connected Death Benefit which shall be determined as follows:

The surviving spouse shall receive a monthly benefit equal to forty per cent (40%) of the monthly salary of the deceased Participant and shall additionally receive an amount equal to ten per cent (10%) of said salary for each eligible child of said deceased Participant. However, in no event shall the monthly benefit payable to the spouse hereunder exceed fifty per cent (50%) of the monthly salary of the deceased Participant.

(b) Child or Children Benefit.

Should there be no surviving spouse or should the surviving spouse fail to qualify hereunder, there shall be payable to or for the benefit of such deceased Participant's child or children a monthly benefit equal to forty per cent (40%) of the deceased Participant's Monthly salary.

(c) Deceased Participant's Monthly Salary.

For the purpose of this Section 12, the deceased Participant's monthly salary shall mean his Final Average Salary except that with respect to a Participant who should be killed in the line of service prior to having accumulated five (5) years of Credited Service hereunder, it shall mean his monthly salary as of the date of the injury which resulted in his death.

Section 13. Eligibility for Service Connected Death Benefit

The surviving widow of the deceased Participant described in Section 11 of this Article shall be eligible to receive a Service Connected Death Benefit if they continued to be legally married on the date of the death of said deceased Participant. Further, said surviving spouse shall continue to be eligible to receive said monthly Service Connected Death Benefit until she shall die or remarry, whichever shall first occur.

Service Connected Death Benefits attributable or payable to or on behalf of said deceased Participant's child or children shall only be payable with respect to such child or children who are both unmarried and eighteen (18) years of age or younger except that with respect to an unmarried child or children who shall continue to be a student regularly attending school, benefits shall continue to be payable until they attain age twenty-two (22).

In the event a fireman or policeman shall retire under the Supplemental Pension System established by Act No. 556 of the Legislature of Alabama after having accumulated twenty (20) years of credited service thereunder and shall die prior to the date on which he would have accumulated thirty (30) years of credited service under this System had he not retired but rather had he continued in his employment with the City, without interruption, as a fireman or policeman, his widow shall not receive any benefit herefrom. However, should said retired fireman or policeman die subsequent to the date on which he would have accumulated thirty (30) years of credited service hereunder, and should he be survived by a widow to whom he was married for at least five (5) years while an active employee, said widow shall be entitled to receive until such time as she should remarry a monthly widow's pension in an amount equal to forty-five per cent (45%) of the monthly retirement benefit which her husband was receiving or entitled to receive on the date of his death as if such widow was entitled to a benefit under Sections 10 and 11 of this ARTICLE.

Section 15. Death Prior to Retirement-Return of Contributions.

In the event a Participant shall die prior to retirement and without a surviving spouse or children eligible for benefits hereunder, there shall be payable an amount equal to his total contributions to the System, without interest, less an amount equal to one-half ($\frac{1}{2}$) the total of all Disability Retirement benefits paid to said deceased Participant prior to his death.

Section 16. Termination of Employment or Ineligibility-Return of Contributions

In the event a Participant shall terminate or be terminated from his employment with the City for any reason whatever, in the event a Participant shall cease to be eligible for participation herein or in the event a Participant herein shall cease to be a classified employee and shall elect to terminate his participation in the System, there shall be payable to said former Participant an amount equal to his total contributions to the System, without interest, less an amount equal to one-half ($\frac{1}{2}$) the total of all disability retirement benefits paid to said former Participant; provided, however, that this section shall not require a return of contributions to an involuntary retiree who

elects not to withdraw his contributions pursuant to Section 6 of the ARTICLE VI.

Section 17. Payment of Return of Contributions.

A return of contributions, as provided herein, shall be payable to said former Participant, if living, and otherwise to his personal representative who may qualify as such and make demand for payment within sixty days after death of such former Participant or if there be no such qualification and demand to his named beneficiary. In the event said former Participant shall have died and shall have not, while an active Participant in the System, designated a beneficiary in writing, said return of contributions shall be paid in the following order of preference:

- (1) To his Personal Representative if one qualifies and makes demand therefor within sixty days after the death of such Participant;
- (2) To his surviving spouse;

Any such designation may be changed from time to time by the employee member. Each such designation shall be signed and dated by the employee member, and the last signed and dated designation shall prevail over any former designation. The rights of the last designated severance nominee shall be governed by Section 17.

If a fireman or policeman has executed an instrument providing for the Board of Managers of the Supplemental Pension System established by Act No. 556 of the Legislature of Alabama of 1959, approved November 19, 1959, Acts of Alabama of 1959, page 1376, et seq., to receive return of contributions made by him in the event of his death, then the right of the said Board of Managers to receive the return of said contributions shall prevail over the claim of the severance nominee, or spouse, or children, or father, or mother, or sisters or brothers or personal representatives of such deceased fireman or policeman.

Section 19. Payment of Benefits During Period of Re-Employment.

The Board shall have the right to lend to any employee member from the fund such an amount of money as will not cause the aggregate of indebtedness of the employee member to the fund immediately after such loan to exceed fifty per cent (50%) of the amount of contributions returnable to him, or those claiming under him, were he to become separated from the service immediately after such loan. Interest on such loan shall be charged at the rate of six per cent per annum. Provided, however, that if an employee member is a fireman or policeman belonging to a Supplemental Pension System established by Act No. 556 of the 1959 Session of the Legislature of Alabama, approved November 19, 1959 (Ala. In no event shall the amount of life insurance thus obtainable exceed the unpaid balance of the loan attributable to the Participant applying therefor.

ARTICLE VIII

MISCELLANEOUS

Any debt or liability of a Participant to the Fund or to the City shall be offset against, and deducted from, any amount due from the Fund to the employee member or those claiming under him either as return of contributions or as disability or retirement payments, and only the balance, if any, shall be payable by the Fund.

Section 2. False Representations.

Section 4. Members in Armed Forces.

If any participant, either before July 1, 1945, and after October 16, 1940, or after July 1, 1945, and prior to declaration by the Congress or President of the United States of termination of the unlimited national emergency declared by the President in his proclamation of May 27, 1941, shall have left the service for the purpose of entering the armed forces of the United States, after having been in the service for at least one year next before such leaving, and shall have left in the Fund all contributions made by him prior to such leaving, and shall have resumed a position of qualified employee in the service of the City within forty days after his separation from such armed forces, and, in any event, within one year after declaration by the Congress or the President of the United States of termination of the unlimited national emergency declared by said President in said proclamation of May 27, 1941, and shall not have been dishonorably discharged from such armed forces, then, and in all such events, the City shall promptly pay into the Fund an amount double that which the Participant would have contributed to the Fund from his salary had he continued in the service of the City as a Participant throughout the period between the time of so leaving the service and the time of resumption of position in the service at the same rate of pay he was receiving at the time he so left the service, and, upon such payment into the Fund, the Participant shall be entitled to count as credited service the entire aforesaid period, provided, however, that if such Participant becomes disabled to perform his customary duties at any time within two years after such resumption of position, the amount of any benefits to which he might otherwise be entitled hereunder for any period shall be reduced by any amount paid or payable to him by the federal government for the same period, and provided further that no part of such payment by the City shall be returnable by the Fund under any provision of the System for return of contributions made by Participants. In order to extend the benefits of this Section to some "Korean Veterans" to whom such benefits would not otherwise extend, the unlimited national emergency declared by the President of the United States in his proclamation of May 27, 1941, shall, for the purposes of this Section, be deemed to have been by the Congress or the said President declared terminated at midnight, January 31, 1955, the time designated by the President in Executive Order No. 10585, dated January 1, 1955, "as the date of termination of combatant activities" in the Korean Zone and also the time fixed by said President in Proclamation No. 3080, dated January 1, 1955, as a terminal time for various purposes in respect of service in the Armed Forces.

In order to extend the benefits of this Section to other veterans to whom such benefits would not otherwise extend, it is hereby pro-

vided that if any Participant shall have left the service prior to April 20, 1954, for the purpose of serving in the armed forces of the United States after having been in the service of the City for at least one year next before leaving, and shall have entered such armed forces promptly after such leaving, and shall have left in the Fund all contributions made by him prior to such leaving, and shall have resumed a position of Participant in the service within forty days after his separation from such armed forces, and in any event prior to the 21st day of May, 1956, and shall not have been dishonorably discharged from such armed forces, then and in all such events, the City shall promptly pay into the Fund an amount double that which the employee would have contributed to the Fund from his salary had he continued in the service as a Participant throughout the period between the time of so leaving the service and the time of resumption of position in the service at the same rate of pay he was receiving at the time he so left the service, and, upon such payment into the Fund, the Participant shall be entitled to count as credited service the entire aforesaid period, provided, however, that if such Participant becomes disabled to perform his customary duties at any time within two years after such resumption of position, the amount of any benefits to which he might otherwise be entitled hereunder for any period shall be reduced by any amount paid or payable to him by the federal government for the same period, and provided further that no part of such payment by the City shall be returnable by the Fund under any provision of the System for return of contributions made by Participants.

As hereafter used in this Section 4, the term "period of hostilities" means any period subsequent to April 20, 1954, when the United States was, is or shall be engaged in hostilities with any foreign state, whether as a result of a declared war or not. In order to further extend the benefits of this Section to other veterans to whom such benefits would not otherwise extend, it is hereby provided that if any Participant shall have left the service subsequent to April 20, 1954, for the purpose of serving in the armed forces of the United States, during a period of hostilities, after having been in the service for at least one year next before such leaving and shall have entered such armed forces promptly after such leaving, and shall have left in the Fund all contributions made by him prior to such leaving, and shall have resumed a position of qualified employee in the service within forty (40) days after his separation from such armed forces, and shall not have been dishonorably discharged from such armed forces, then in all such events the City shall promptly pay into the Fund an amount double that which the employee would have contributed to the Fund from his salary had he continued in the service as a Participant throughout the period between the time of so leaving the service and the time of resumption of position in the service at the same rate of pay he was receiving at the time he so left the service, and, upon such payment into the Fund, the Participant shall be entitled to count as credited service the entire aforesaid period, provided, however, that if such Participant becomes disabled to perform his customary duties at any time within

two years after such resumption of position, the amount of any benefits to which he might otherwise be entitled under Section 7 of ARTICLE VI for any period shall be reduced by any amount paid or payable to him by the federal government for the same period, and provided further that no part of such payment by the City shall be returnable to the Fund under any provision of the System for return of contributions made by Participants.

Anything to the contrary contained in this Section notwithstanding, no Participant who has entered the Armed Forces of the United States subsequent to April 20, 1954, and who otherwise qualifies for the benefits provided herein, shall be entitled to receive such benefits upon return to service unless he shall return to such service within five (5) years after having left such service to enter said Armed Forces.

ARTICLE IX

CONSTRUCTIVE SUBSIDIARIES OF THE CITY

Section 1. Participants in the System.

It being recognized that it is desirable to allow as participants in the System employees of certain departments and authorities, the employees of the following such employers shall be included as constructive employees of the City and as participants in the System under the terms and conditions set forth herein subject only to any qualifications or limitations hereinafter provided.

Section 2. Board of Health

Employees of the Board of Health shall be deemed constructively employees of the City during all their time in the service of Said Board of Health, whether past, present or future, and the retrospective and prospective terms of the System shall be retrospectively applied to such constructive employees as fully and restrictively, and with like effect as though said Board of Health were actually such subsidiary board or department at all times past, present and future, and as though employees thereof were actually employees of the City at all times while in the service of said Board of Health, past, present or future. For the purposes of application of the terms of the System, such constructive employees of the City shall be deemed as in the classified service of the City during such period or periods, whether past, present or future, as they may be or may have been subject to the same civil service system as that to which employees of the City may be or may have been contemporaneously subject, and shall be governed accordingly by the retrospective and prospective provisions of the System. However, any such constructive employee who may or may have become an employee member after the Effective Date by virtue of Section 1, Article IV hereof shall be entitled to count as creditable time his prior service as well as his paid membership time. In case of existence in the same county of two cities having a population of two hundred and fifty thousand or more inhabitants that

one which first entered such population class shall be deemed the City referred to in this and the next succeeding four sections.

Section 3. Civic Center.

For the purpose of the application of the System to the extent herein provided, and for that purpose only, and except as may be otherwise or differently provided herein, the employment by Civic Center of employee members shall be deemed constructive employment by the City during all of their time in the service of Civic Center after the adoption of this Section 3, with like effect as though said employee members, while working for Civic Center, were actually working as employees of the City, subject to this pension system; provided, however, that this Section shall not apply unless all of the conditions hereinafter specified are met.

This Section 3 shall not apply to any employee member unless within thirty (30) days after he leaves the service of the City he is employed by Civic Center on a salary payable at regular specified intervals; any person employed by Civic Center on a part time basis before he leaves, or when he leaves, the service of the City shall be within the scope of the next foregoing sentence, if he continues in the employ of Civic Center.

This Section 3 shall not apply unless the employee member leaves in the System Fund the contributions made by him to the Fund.

This Section shall not apply unless, within the time below stated, Civic Center gives written notice to the Board of Managers that Civic Center elects for this said Section 3 of Article IX of this Act to apply to the employment of said employee member by Civic Center. This Section shall not apply unless the Board of Managers receives such notice within forty-five (45) days of the employee member's leaving the service of the City; provided, however, that the said Board may in its discretion accept and treat as binding such notice received after that time, if the Board finds that delay in forwarding the notice was justified.

After giving any such notice, it shall be the duty of Civic Center to make or cause to be made and paid into the pension fund deductions from the salary of its employee who is the subject to such notice, and to do so in all respects as is provided by the System for the City to make deductions and pay into the Fund from salaries of its employees who are employee members, and it shall be the further duty of Civic Center to make matching contributions to the Fund from its own funds in respect to any employee who is the subject of any such notice, in all respects as it is made the duty of the city to make matching contributions in respect of its employees who are employee members, and it shall be the further duty of Civic Center to fully cooperate with the Board of Managers, the City Comptroller and the Custodian in the administration of the System.

After the Board of Managers receives the said certificate from Civic Center, the election made by Civic Center for this Section to apply to the employee member named in the certificate shall be irrevocable.

Section 4. Civil Defense Agency.

For the purpose of application of the terms of the System, and for such purpose only, and except as may be hereinafter otherwise or differently provided in this Section 6 of this Article, on and after September 1, 1969, the Civil Defense Agency whose territorial jurisdiction or responsibilities include the territory of the City shall be deemed constructively a subsidiary board or department of the City during said Civil Defense Agency's subsequent existence, and the employees thereof in the classified service shall be deemed constructively employees of the City during all their time in the service of said Civil Defense Agency subsequent to September 1, 1969, and thereafter the terms of the System shall be prospectively applied to such constructive employees as fully and restrictively, and with like effect, as though said Civil Defense Agency were actually such subsidiary board or department and as though employees thereof in the classified service were actually employees of the City at all times while in the service of said Civil Defense Agency subsequent to September 1, 1969.

Section 5. Duties of the Board of Health.

After July 1, 1945, it shall be the duty of the Board of Health, as an independent agency and not as a subsidiary board or department of the City, to make or cause to be made and paid into the Fund deductions from the salaries of all of its employees who are employee members, and to do so in all respects as is provided by the System for the City to make deductions and pay into the Fund from salaries of its employees who are employee members, and it shall be the further duty of the Board of Health, as such independent agency, to make matching contributions to the Fund from its own funds in respect of its employees who are employee members, in all respects as it is made the duty of the City to make matching contributions in respect of its employees who are employee members, and it shall be the further duty of the Board of Health, as such independent agency, to fully cooperate with the Board of Managers, the City Comptroller and the Custodian in the administration of the System, and, thereinabout, to make available to them all such records and information pertaining to employees of the Board of Health as they or either of them may request for the purpose of administration of the System.

Section 5. Duties of the Civil Defense Agency.

After September 1, 1969, it shall be the duty of said Civil Defense Agency, as an independent agency and not as a subsidiary board or department of the City, to make or cause to be made and paid into the Fund deductions from the salaries of all its employees who are employee members, and to do so in all respects as is provided by the

System for the City to make deductions and pay into the Fund from salaries of its employees who are employee members, and it shall be the further duty of said Civil Defense Agency as such independent agency to make matching contributions to the Fund from its own funds in respect of its employees who are employee members in all respects as it is made the duty of the City to make matching contributions in respect of its employees who are employee members, and it shall be the further duty of said Civil Defense Agency as such independent agency to fully cooperate with the Board of Managers, the City Comptroller and the Custodian in the administration of the System, and, thereinabout, to make available to them all such records and information pertaining to employees of Civil Defense as they or either of them may request for the purpose of administration of the System.

area program; and to provide for the promulgation of regulations and provisions for the enforcement of this act.

Be It Enacted by the Legislature of Alabama:

Section 1. Purpose. The purpose of this Act is to promote, improve and safeguard the lands and waters located in the coastal areas of this state through a comprehensive and co-operative program designed to preserve, enhance and develop such valuable resources for the present and future well-being and general welfare of the citizens of this state. In promulgating such a program, the Legislature of Alabama recognizes and declares that:

a. The coastal area is rich in a variety of natural, commercial, recreational, industrial, and aesthetic resources of immediate and potential value to the present and future well-being of the state.

b. There are increasing and competing demands upon the lands and waters of the coastal area occasioned by population growth and economic development, including requirements for industry, commerce, residential development, recreation, extraction of mineral resources and fossil fuels, transportation and navigation, waste disposal, and harvesting of fish, shellfish, and other living marine resources.

c. The coastal area, and the fish, shellfish, other living marine resources, and wildlife therein, are ecologically fragile and consequently extremely vulnerable to destruction by man's alterations.

d. Important ecological, cultural, historic and aesthetic values in the coastal area are essential to the well-being of all citizens.

e. Special natural and scenic characteristics may be damaged by ill-planned development.

f. There is a state interest in the effective administration, beneficial use, protection, and development of the coastal area.

g. In light of competing demands and the urgent need to balance development for the preservation of the natural systems in the coastal area, the key to more effective protection and use of land and water resources of the coastal area is to encourage the state to exercise its authority for improved and better methods of utilizing the lands and waters in the coastal area by developing, in cooperation with counties and municipalities and other vitally affected interests, land and water use programs for the coastal area, including unified policies, criteria, standards, methods, and processes for dealing with land and water use.

Section 2. State Policy. The Legislature finds and declares that it is State policy:

a. To preserve, protect, develop, and where possible, to restore or enhance, the resources of the state's coastal area for this and succeeding generations;

b. To encourage and assist counties and municipalities to exercise effectively their responsibilities in the coastal area through the development and implementation of administration programs to achieve wise use of the land and water resources of the coastal area giving full consideration to ecological, cultural, historic, and aesthetic values as well as to needs for economic development.

c. To assure that in development of the state's coastal area adequate consideration is given to such uses of the coastal area as the establishment of harbour facilities for the receiving of oil, gas and other commodities from ships and tankers; pipelines from such ports; and utility plant sites, utility generation, transmission, distribution, and transportation facilities;

d. To urge that all state agencies engaged in programs affecting the coastal area cooperate and participate with local governments and regional agencies in effectuating the purposes of this Act; and

e. To encourage the participating of the public, of federal, state, and local governments and of regional agencies in the development of coastal area administration programs. With respect to implementation of such administration programs, it is the state policy to encourage cooperation among the various state and regional agencies including establishment of inter-state and regional agreements, cooperative procedures and joint action particularly regarding environmental problems.

e. Not later than sixty (60) days from the receipt of any application, the Board shall publish notice of a date on or before which written objections to any application must be filed. If written objection is filed or if the applicant requests a hearing, then a hearing must be held within ten (10) days after the date on or before which objections must be filed unless a later date for the hearing is agreed to by all parties. Notice of the date on or before which objections must be filed shall be published once a week for at least three (3) consecutive weeks in at least one (1) newspaper of general circulation in the county or counties in which the affected areas are located. The first publication of such notice shall be made not less than twenty-one (21) days prior to the date on or before which objections must be filed and the last publication shall be made not more than seven (7) days prior to such date. The published notice shall describe the site of the proposed activity and shall give a general description of the proposed regulated activity. Further, notice shall be given describing the date, time and place for the said hearing by U. S. Mail, postage prepaid, to each of the objectors and to the applicant at the address furnished to the Board by said parties, and by causing a copy of such notice to be published at least one (1) time in one (1) newspaper having general circulation in the county or counties in which the affected wetlands are located.

f. The following parties shall be notified of a hearing by the Board by mail prior to the date set for the hearing, but a failure to meet this requirement shall not invalidate any permit granted thereafter:

(1) All of those parties who are entitled to receive a copy

of such application in accordance with subsection e. of this section of this act; and

(2) All known owners of record of adjacent land and all known claimants to water or riparian rights in or adjacent to the coastal areas affected.

g. Any person who files a written objection pursuant to paragraph e. of this section may appear at the public hearing and be heard.

h. The burden of proof shall be on the applicant, whether a hearing is held or not; provided, however, no application shall be denied without giving the applicant a right to a hearing according to the provisions of this act.

i. Evidence offered at hearings and all applications and related documents shall be open for public inspection at the office of the Board at reasonable times.

j. Within thirty (30) days of the completion of the public hearing on an application for permit the Board shall issue its order granting (with or without special conditions) or denying the application. In the event the Board denies the application it shall specify its reasons therefor and indicate any changes in the proposed activity that would make the applicant eligible to receive the permit. The decision of the Board shall become final unless appeal as provided for in Section 8 is taken therefrom.

Section 8. Appeals. An appeal may be taken by the applicant, or any person or corporation, municipal corporation, county or interested community group who has been aggrieved by such order, from the denial, suspension or revocation of a permit or the issuance of a permit or conditional permit and who has filed written protest or objection as specified in Section 7., within thirty (30) days after the mailing to the parties of the order of issuance, denial, suspension or revocation of any such permit, to the circuit court of any county having jurisdiction over the property which may be affected by any such proposed activity to be authorized by such permit.

a. If the court finds that the order appealed from is supported by substantial evidence, consistent with the public policy set forth in this act, is not arbitrary or capricious and does not violate constitutional rights, it shall affirm the Board's order.

b. Such appeal shall be brought by a complaint in writing, stating fully the reasons therefor, signed by an authorized party, and shall be served at least twelve (12) days before the return date upon the Board and upon all parties having an interest adverse to the appellant as designated under Section 8. Such appeals shall be brought to the next return day of the court after

the filing of such appeal or may be returned to a day set by fiat of the court. A cost bond must be posted with sufficient sureties payable to the state in the sum of not less than One Hundred Dollars (\$100.00) nor more than Five Hundred Dollars (\$500.00), to be fixed in the order appealed from and to be filed with and approved by the director of the Board, who shall forthwith certify the same, together with a certified copy of the transcription record of the proceedings of the Board in the matter to the circuit court to which the appeal is taken, which shall thereupon become the record of the cause. An appeal to the circuit court as provided herein shall not stay the execution of an order of the Board; provided, however, that any party aggrieved by an order of the Board may petition the circuit court for an appeal with supersedeas and the court shall grant a hearing on said petition, and upon good cause shown may grant said appeal with supersedeas in which case the appellant shall be required to post a bond with sufficient sureties according to law in an amount to be determined by the court.

c. Upon the filing of an appeal, the clerk of the circuit court shall serve notice thereof upon the Board, whereupon the Board shall within sixty (60) days, or within such additional time as the court may for cause allow, from the service of such notice certify to the circuit court the record in the case, which record shall include a transcript of all testimony, all objections, all exhibits or copies thereof, all pleadings, proceedings, orders, findings and opinions entered in the case; provided, however, that the parties and the Board may stipulate that only a specific portion of the record shall be certified to the court as the record on appeal.

d. If, upon hearing such appeal, it appears to the court that any testimony has been improperly excluded by the Board or that the facts disclosed by the record are insufficient for the equitable disposition of the appeal, it shall refer the case back to the Board to take such evidence as it may direct and report the same to the court with the board's findings of fact and conclusions of law.

e. Such appeal shall have precedence in the order of trial, and the circuit court may order the granting, denial, revocation, suspension or limitation of any permit or may remand to the Board for such order.

f. Appeals may be taken from the circuit court to the Supreme Court in the manner as now required by law.

Section 9. Initiation of Actions. The State of Alabama at the request of the Board, a district attorney having jurisdiction, or a county attorney having jurisdiction may initiate the actions,

as described in this act against any person or persons believed to be in violation of this act.

a. Jurisdiction and venue for judicial actions brought pursuant to this act shall lie in any county or counties in which the alleged violation occurs or in which property affected by such violation is located.

b. Any person who violates the provisions of this act shall be liable to the State of Alabama for the restoration of all affected coastal areas to their condition prior to such violation, insofar as such restoration is possible, and for any and all damages to such areas. The appropriate circuit court shall allow a reasonable time for completion of the restoration and may, in its discretion, order as punitive damages a sum not to exceed Five Hundred Dollars (\$500.00) Per Day for each day such violation has existed. The said circuit court may further order in punitive damages a sum not to exceed Five Hundred Dollars (\$500.00) Per Day for each day that the violation exists beyond the date set by said court in its order for the restoration of said area.

c. Threatened or actual violations of this act may be restrained by order of the Circuit Court of the county in which any affected area of the coastal area or any part thereof lies. Such suits shall be initiated as provided for above.

d. Nothing in this act shall preclude other statutory or common law remedies by public or private parties against violators or non-violators of this act.

Section 10. Severability. The provisions of this act are severable. If any part of the act is declared invalid or unconstitutional, such declaration shall not affect the part which remains.

Section 11. Effective Date. This act shall become effective 120 days from the date of its approval by the Governor or from the date it otherwise becomes law.

Section 2. Authorization to Issue Additional Bonds and Purposes Thereof. Alabama Public School and College Authority is hereby authorized to sell and issue its bonds in the aggregate principal amount of one hundred seventy-nine million nine hundred twenty-one thousand dollars (\$179,921,000) for the construction, reconstruction, purchase, alteration, improvement, and equipment, including school buses, of any types of capital improvements for public educational purposes in the state, including senior colleges and universities, vocational-technical institutes, junior colleges, and elementary-secondary school systems and special schools, and including the acquisition of land and cost of architectural services therefor and services rendered by building inspectors for periodic and final inspections thereof, and for acquiring sites therefor. The bonds authorized in this Act to be issued by the Authority shall be in addition to all other bonds heretofore authorized to be issued by it.

Section 3. Execution and Other Details of the Bonds. The bonds shall be executed, sealed and attested, shall with the income therefrom be exempt from all taxation in the state, may be used as security for deposits, and shall be eligible for investments of fiduciary funds, all as is provided in the 1965 Act. The bonds shall be in such form or forms and denomination or denominations and of such tenor and maturities, shall bear such rate or rates of interest payable and evidenced in such manner,

may be made subject to redemption prior to their maturities, and may contain provisions not inconsistent with this Act, all as may be provided by the resolution of the board of directors under which the bonds may be issued; provided, that no bonds shall have a specified maturity date later than twenty years after their date; and provided further, that those bonds having maturities more than ten years after their date shall be subject to redemption at the option of the Authority on any interest payment date on and after the tenth anniversary after their date at such redemption price and under such conditions as may be prescribed in the proceedings of the Authority under which they are issued.

Section 4. Sale of the Bonds. The bonds may be sold by the Authority from time to time in series, and if sold in more than one series, may all be authorized in one initial resolution of the board of directors with the pledges therefor made by the Authority in such initial resolution although some of the details applicable to each series may be specified in the respective resolutions under which the different series are issued. Each series of the bonds shall be sold only at public sale, either on sealed bids or at public auction, to the bidder whose bid reflects the lowest total net interest cost to the Authority for the series of the bonds being sold, computed from the date of those at the time being sold to their respective maturities and taking into account any premium named in the bid therefor; provided, that if no bid acceptable to the Authority is received it may reject all bids. Before any series of the bonds shall be offered for sale by the Authority, the Governor shall first determine that the issuance of such series of bonds and the application of the taxes pledged to the payment of the principal of such bonds as they mature and interest thereon as it comes due will not impair the adequacy of the Special Educational Trust Fund to pay appropriations therefrom and to support the public schools and institutions of higher learning during the period over which such bonds will mature. The Governor's determination shall be in writing signed by the Governor and such determination shall be final and conclusive. Notice of each such sale shall be given by publication in either a financial journal or a financial newspaper published in the City of New York, New York, and also by publication in a newspaper published in the state which is customarily published not less often than five days during each calendar week, each of which notices must be published at least one time not less than ten days prior to the date fixed for the sale. The board of directors may fix the terms and conditions under which each such sale may be held; provided, that none of the bonds may be sold for a price less than the face value thereof; and provided further, that such terms and conditions shall not conflict with

any of the requirements of this Act. Neither a public hearing nor consent of the State Department of Finance or any other department or agency shall be a prerequisite to the issuance of any of the bonds.

Section 5. Appropriation of Revenues to the Authority; Pledge Thereof for the Benefit of the Bonds. For the purpose of providing for payment of the principal of and interest on the bonds and to accomplish the objects of this Act, there is hereby irrevocably pledged to such purpose, and hereby appropriated, such amount as may be necessary for such purpose from the following sources:

(a) The residue of the receipts from the excise tax (sometimes referred to as the utilities gross receipts tax) levied by Act No. 21 adopted at the 1969 Special Session of the Legislature, as amended, remaining after payment of the expenses of administration and enforcement of the said Act No. 21, as amended, being that portion of the said tax that is required by the said Act No. 21, as amended, to be deposited in the state treasury to the credit of the Alabama Special Educational Trust Fund;

(b) The residue of the receipts from the excise tax (sometimes referred to as the utilities use tax) levied by Act No. 37 adopted at the 1969 Special Session of the Legislature, as amended, remaining after payment of the expenses of administration and enforcement of the said Act No. 37, as amended, being that portion of the said tax that is required by the said Act No. 37, as amended, to be deposited in the state treasury to the credit of the Alabama Special Educational Trust Fund;

(c) The residue of the receipts from the license tax levied on those engaging in the business of leasing or renting tangible personal property levied by Act No. 96 adopted at the 1971 First Special Session of the Legislature, remaining after payment of the expenses of administration and enforcement of the said Act No. 96, being that portion of the said tax that is required by the said Act No. 96 to be deposited in the State Treasury to the credit of the Alabama Special Educational Trust Fund;

(d) To the extent and to the extent only that the revenues appropriated in the foregoing subsections (a), (b), and (c) of this section may not be sufficient to pay at their respective maturities the principal of and interest on the bonds, the residue of the receipts from the excise tax known as the sales tax levied by Act No. 100 adopted at the 1959 Second Special Session of the Legislature, as amended, after there shall have been taken from the said residue the amounts appropriated

for other educational purposes in Section 32 of the said Act No. 100 (which said residue constitutes that portion of the receipts from the said sales tax that is now required by law to be paid into the Alabama Special Educational Trust Fund), and after there shall have been taken from the said residue amounts sufficient to meet all prior charges of the said residue including such amounts as may be necessary to pay at their respective maturities the principal of and interest on those of the following bonds that may be outstanding at the time of the delivery of the respective series of the bonds authorized herein: (1) those bonds issued by the State of Alabama under the 1957 Act; (2) those bonds issued by Alabama Education Authority under the 1959 Act; (3) those bonds issued by Alabama Public School and College Authority under any of the 1965 Act, the 1967 Act, the 1969 Act, or the 1971 Acts; and

(e) To the extent and to the extent only that the revenues appropriated in the foregoing subsections (a), (b), (c), and (d) of this section may not be sufficient to pay at their respective maturities the principal of and interest on the bonds, the residue of the receipts from the excise tax known as the use tax levied in Article 11 of Chapter 20 of Title 51 of the Code of Alabama of 1940, as amended, after there shall have been taken from the said receipts the amount necessary to meet the expenses of the State Department of Revenue in collecting the said use tax (which residue constitutes that portion of the receipts from the said use tax that is now required by law to be paid into the Alabama Special Educational Trust Fund), and after there shall have been taken from the said residue such amounts as may be necessary to meet all prior charges on the said use tax including the amounts sufficient to pay at their respective maturities the principal of and interest on those outstanding bonds referred to in clauses (1), (2), and (3) of subsection (d) of this section.

All moneys hereby appropriated and pledged shall constitute a sinking fund for the purpose of paying the principal of and interest on the bonds. The State Treasurer is authorized and directed to pay at their respective maturities the principal of and interest on the bonds out of said fund and out of the residues of the tax receipts herein appropriated and pledged for the benefit of the bonds, and he is authorized and directed to set up and maintain appropriate records pertaining thereto.

Section 6. Bonds to be Payable Solely Out of Revenues Appropriated; Authorization for Authority to Pledge Such Revenues for the Bonds. Bonds issued by the Authority shall not be general obligations of the Authority and shall be limited obligations payable solely out of the residues of the tax receipts appropriated and pledged in Section 5 of this Act. All

bonds issued by the Authority pursuant to the provisions of this Act shall be solely and exclusively obligations of the Authority and shall not constitute or create an obligation or debt of the state. As security for the payment of the principal of and interest on the bonds, the Authority is hereby authorized and empowered to pledge for payment of the principal of and interest on the bonds the residues of the tax receipts that are appropriated and pledged in Section 5 hereof for payment of such principal and interest. All such pledges made by the Authority shall take precedence in the order of the adoption of the resolutions containing such pledges. All such pledges shall be prior and superior to pledges that may be made for any refunding bonds hereafter issued by Alabama Education Authority under the provisions of the 1959 Act or by the Authority under the provisions of any of the 1965 Act, or the 1967 Act, or the 1969 Act, or the 1971 Acts, or any other act heretofore enacted.

Section 7. Sale of Refunding Bonds. The Authority may from time to time sell and issue refunding bonds in amounts sufficient to refund the principal of any matured or unmatured bonds or refunding bonds then outstanding that were issued by the Authority under the provisions of this Act, or the 1965 Act, the 1967 Act, the 1969 Act, the 1971 Acts, or any other act previously enacted, or that were issued by Alabama Education Authority under the provisions of the 1959 Act, and to pay the expenses of such refunding and any premiums necessary to retire those so refunded. For the purpose of providing funds to enable the Authority to pay at their respective maturities the principal of and interest on the refunding bonds issued by it under this Act and to accomplish the purposes of this Act, there is hereby irrevocably pledged to such purpose, and hereby appropriated, such amount as may be necessary for such purpose of the residues of the receipts from the excise taxes appropriated and pledged in subsections (a), (b), (c), (d) and (e) of Section 5 of this Act, but such pledge and appropriation shall be subject and subordinate to the pledge and appropriation made in the said Section 5 for payment of the principal of and interest on the bonds issued under the provisions of Section 2 of this Act. All other provisions of this Act shall apply to the refunding bonds issued hereunder except (a) the limitation contained in Section 2 of this Act on the amount of bonds that may be issued under this Act, and (b) the provisions of Section 8 of this Act (except the last paragraph thereof). All pledges made in this Act, and all pledges made by the Authority pursuant to the provisions of this Act, for the benefit of refunding bonds issued under this Act shall take precedence in the order of the adoption of the resolutions authorizing the issuance of such refunding bonds.

Section 8. Use of Bond Proceeds. The proceeds derived from each sale of the bonds shall be deposited in the State Treasury and shall be carried in a separate fund therein for the account of the Authority, which shall pay therefrom the expenses of issuance thereof. The proceeds from the sale of the bonds remaining after payment of the expenses of issuance thereof shall be retained in said fund and paid out from time to time on orders or warrants issued by or on the direction of the Authority for any one or more of the purposes specified in Section 2 of this Act as may be deemed by the Authority to be most advantageous to the State, and such proceeds shall be used solely for such purposes and shall be allocated and expended by the Authority in the amount out as follows:

a. fifty two million four hundred fifty six thousand dollars (\$52,456,000) to colleges and universities to be distributed as follows:

(1) \$7,500,000.00 of such proceeds shall be distributed to the Board of Trustees of the University of Alabama to be used at its Tuscaloosa campus;

(2) \$7,500,000.00 of such proceeds shall be distributed to the Board of Trustees of the University of Alabama to be used at its Birmingham campus;

(3) \$3,333,000.00 of such proceeds shall be distributed to the Board of Trustees of the University of Alabama to be used at its Huntsville campus;

Section 1. Section 64 of Title 36 is hereby further amended to read as follows: "Section 64 (a) Any person sixteen years of age or older who, except for his lack of instruction in operating a motor vehicle, would otherwise be qualified to obtain a driver's license under this article, may apply for a learner's permit and the judge of probate may issue such permit upon a form which shall be provided by the director of public safety, entitling the applicant, while having such permit in his immediate possession, to drive a motor vehicle upon the highways for a period of thirty days, but, except when driving a motorcycle, such person must be accompanied by a licensed driver who is actually occupying a seat beside the driver. At the time of applying for such permit, the applicant shall pay to the judge of probate a fee of fifty cents and the judge of probate shall give him a receipt therefor on a form to be provided by the director of public safety. Such a permit may be suspended or revoked in the same manner and for the same causes as a driver license and many also be revoked for any violation of the terms and conditions on which it was issued. - (1) 15% for corporations
- (2) 12% if loans unsecured
- (3) 15% for corporations
- (4) 15% for Corporations, where excess of \$2,500

This table summarizes only the broad, general provisions of state laws setting maximum legal and contract rates of interest, and it does not summarize rates fixed for special types of loans, such as instalment loans and loans under the small loan laws.

The parties to a transaction may agree on a specific rate of interest. The maximum rates that may be agreed upon is usually fixed by law. This is the "contract rate."

If a specific rate is not agreed upon, then the maximum rate that may be taken is the "legal rate," fixed by law in all states.

Interest in excess of the rate permitted by law is usurious. All states provide penalties for taking such interest

Many state statutes provide that the defense of usury is not available to a corporation.

For a more detailed explanation of legal and contract rates of interest and of state and federal usury laws, see **Paton's Digest of Legal Opinions**, Interest and Usury, particularly sections 2:1, 2:2, 21 and 22.
